Dear Mr. Hudson:

This refers to the change in general election date from May to November, a one-time extension in terms of office and implementation schedule for the Montgomery County Hospital District in Montgomery County, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, 42 U.S.C. 1973c. We received your submission on October 20, 2011.

The Attorney General does not interpose any objection to the specified changes. MONTGOMERY COUNTY HOSPITAL DISTRICT

Banking and Investment Policy

This banking and investment policy (“Investment Policy”) is adopted to meet the District’s responsibilities under the Public Funds Investment Act, Chapter 2256, Texas Government Code (hereinafter “Government Code”). This Policy applies to all funds represented in the Annual Financial Report, with the exception of any retirement, endowment or trust funds.

Effective cash management is recognized as essential to good fiscal management. Investment interest is a source of revenue to District funds. The District’s investment portfolio shall be designed and managed in a manner intended to maximize this revenue source, to be responsive to public trust, and to be in compliance with legal requirements and limitations.

Investments shall be made with the following primary objectives, listed in order of priority:

- * **Safety** and preservation of principal
- * Maintenance of sufficient **liquidity** to meet operating needs
- * **Public trust** from prudent investment activities
- * Optimization of **interest earnings** on the portfolio

1. **DEFINITIONS** For purposes of this Investment Policy, the following definitions shall apply:

- a. The “District” means Montgomery County Hospital District.
- b. “Bond Proceeds” means the proceeds from the sale of bonds, notes and any other obligations issued by the District, and reserves and funds maintained by the District for debt service purposes.
- c. “Book Value” means the original acquisition cost of an investment plus or minus the accrued amortization or accretion.
- d. “Funds” means public funds in the custody of the District that the District is authorized to invest.
- e. “Investment Pool” means an entity created under the Government Code as set forth in §§2256.016 to invest public funds jointly on behalf of the entities that participate in the pool and whose investment objectives in order of priority are: (i) preservation and safety of principal; (ii) liquidity; and (iii) yield.
- f. “Market Value” means the current face or par value of an investment multiplied by the net selling price of the security as quoted by a recognized market pricing source quoted on the valuation date.
- g. “Qualified Representative” means a person who holds a position with a business organization, who is authorized to act on behalf of the business organization and who is one of the following:
 - (1) for a business organization doing business that is regulated or registered with a securities commission, a person who is registered under the rules of the Financial Industry Regulatory Authority (FINRA);

- (2) for a state or federal bank, a savings bank, or a state or federal credit union, a member of the loan committee for the bank or branch of the bank or a person authorized by a corporate resolution to act on behalf of and bind the banking institution; or
- (3) for an Investment Pool, the person authorized by the elected official or board with authority to administer the activities of the Investment Pool to sign the written instrument on behalf of the Investment Pool.

2. **INVESTMENT OFFICERS** The Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”), and Treasurer of the Board of Directors shall serve as Investment Officers of the District, shall recommend appropriate legally authorized and adequately secured investments, and shall invest District Funds as directed by the Board and this Investment Policy. In making investment decisions pertaining to investments of District funds, the Investment Officers shall exercise the judgment and care under prevailing circumstances that a prudent person would exercise in the management of his or her own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. When deciding whether an Investment Officer’s actions were prudent, the determination should be based upon the total investment portfolio, rather than an individual investment in the portfolio, provided deviations from expectations are reported in a timely fashion. However, an investment transaction not consistent with this Investment Policy would not be considered prudent.

3. **WITHDRAWAL & TRANSFER AUTHORITY** The CEO, CFO, or the Treasurer of the Board of Directors is authorized to withdraw, transfer, and reinvest the District’s investments as prescribed in this Investment Policy. Any other employee or representative of the District will be permitted to perform these functions by express written authority of the Board or the CEO (see Exhibit “B”).

4. **CHECKS, DRAFTS, ETC.**

- a. Except as otherwise provided herein, all checks, drafts, notes or other orders for payment of money issued in the name of the District shall be signed (i) by the CEO, CFO, or by one (1) member of the Board for dollar amounts up to \$25,000.00; or (ii) by the CEO or CFO and by one (1) member of the Board for dollar amounts totaling greater than \$25,000.00.
- b. Due to an extended and/or unexpected absence of the CFO, all checks, drafts, notes or other orders for payment of money issued in the name of the District shall be signed (i) by the CEO or Chief Operating Officer or by one (1) member of the Board for dollar amounts up to \$25,000.00; or (ii) by the CEO or acting CFO and by one (1) member of the Board, or by a combination of any three (3) members of the Board for dollar amounts totaling greater than \$25,000.00.
- c. The CEO may not initiate and sign a purchase order and thereafter sign the check (or authorize an electronic draft) evidencing payment of the Purchase Order.

Drafts to the District’s bank accounts for certain expenditures may be made through electronic signatures, electronic payments, and/or other automated arrangements not requiring a physical signature of a District representative.

5. **APPROVED INVESTMENTS** The District is authorized to invest its Funds in only the investment types, consistent with the strategies and maturities defined in this Investment Policy and chapter 2256 of the Government Code. The maximum stated maturity of any individual investment should be no longer than 5 years, and the maximum dollar-weighted average maturity of any pooled fund should be no longer than one year.

The following investments will be permitted:

- a. Obligations, including letters of credit, of the United States or its agencies or instrumentalities, including the Federal Home Loan Banks;
- b. Other obligations, the principal and interest on which are unconditionally guaranteed or insured by, or backed by the full faith and credit of the United States or its agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States;
- c. Obligations of the State of Texas or its agencies and instrumentalities, and obligations of counties, cities, and other political subdivisions of this State rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent;
- d. Fully insured or collateralized deposits at eligible depositories placed in compliance with this Policy and the Government Code;
- e. Repurchase agreements placed in compliance with the Government Code.
- f. No load money market mutual funds regulated by the Securities and Exchange Commission whose investment objectives include maintaining a stable \$1.0000 share value and that meet the requirements of the Government Code.
- g. Local government investment pools, either state-administered or through joint powers statutes and other intergovernmental agreement legislation authorized in compliance with the Government Code.

The investments set forth in Government Code § 2256.009(b), are not considered authorized investments.

The District is not required to liquidate investments that were authorized at the time of purchase. At least quarterly, the Investment Officers shall monitor the rating of any investment required by the Government Code to maintain a minimum credit rating. All prudent measures will be taken to liquidate an investment that is downgraded to less than the required minimum rating.

6. **SAFETY AND INVESTMENT MANAGEMENT** The Investment Officers shall observe financial market indicators, study financial trends, and utilize available educational tools in order to maintain appropriate managerial expertise. Investments shall be made in a manner that ensures the preservation of capital in the overall portfolio and offsets, during a 12-month period, any market price losses resulting from interest-rate fluctuations by income received from the balance of the portfolio.

The Investment Officers shall create a competitive environment for all individual security purchases and sales, financial institution deposit placements, and money market mutual fund and local government investment pool selections. The Investment Officers shall develop and maintain procedures for ensuring a competitive environment.

7. **LIQUIDITY AND MATURITY**

- a. Unless otherwise prohibited by law, assets of the District shall be invested in instruments whose maturities do not exceed five (5) years from the time of purchase.
- b. The District's Investment portfolio shall have sufficient liquidity to meet anticipated cash flow requirements.

8. **DIVERSITY** Where appropriate, the investment portfolio shall be diversified in terms of investment instruments, maturity, scheduling, and financial institutions to reduce risk of loss resulting from over concentration of assets in a specific class of investments, specific maturity, or specific issuer. The District may achieve some diversification by placing part of its investment portfolio in a Local Government Investment Pool meeting the requirements of Government Code § 2256.016, if the Board authorizes the investment in the particular pool by resolution.
9. **FUNDS/STRATEGIES** Investments of the following fund categories shall be consistent with this policy and in accordance with the strategy defined below:

OPERATING FUNDS:

1. Suitability - Any investment eligible in the Investment Policy is suitable for Operating Funds (including debt service and other pooled funds).
 2. Safety of Principal - All investments shall be high quality with no perceived default risk. Market price fluctuations will occur. However, managing the weighted average days to maturity for the Operating Fund's portfolio to less than 300 days and restricting the maximum allowable maturity to two years will minimize the price volatility of the overall portfolio.
 3. Liquidity - The Operating Fund requires the greatest short-term liquidity of any of the Fund types. Short-term deposits, investment pools, and money market mutual funds will provide daily liquidity and may be utilized as a competitive yield alternative to fixed maturity investments.
 4. Marketability - Securities with active and efficient secondary markets are necessary in the event of an unanticipated cash flow requirement. Historical market "spreads" between the bid and offer prices of a particular security-type of less than a quarter of a percentage point will define an efficient secondary market.
 5. Diversification - Investment maturities should be staggered throughout the budget cycle to provide cash flow based on the anticipated operating needs of the District. Diversifying the appropriate maturity structure out through two years will reduce market cycle risk.
 6. Yield - Attaining a competitive market yield for comparable investment-types and portfolio restrictions is the desired objective. The yield of an equally weighted, rolling six-month Treasury Bill portfolio will be the minimum yield objective.
10. **SAFEKEEPING and CUSTODY:** All trades, where applicable, will be executed by delivery versus payment (DVP) to ensure that securities are deposited with an eligible safekeeping agent prior to the release of funds. District-owned securities will be evidenced by safekeeping receipts issued by the agent. The District may designate an eligible and authorized financial institution or broker/dealer as custodian for FDIC insured deposit placements as per the Government Code.

All financial institution deposits shall be insured or collateralized in compliance with applicable State law. Pledged collateral shall maintain a market value equal to or greater than 102% of the deposits plus accrued interest, less any amount insured by the FDIC. The District reserves the right, in its sole discretion, to accept or reject any form of insurance or collateralization pledged towards deposits. Financial institutions will be required to sign a depository agreement. The collateralized deposit portion of the agreement shall define the District's rights to the collateral in case of default, bankruptcy, or closing, and shall establish a perfected security interest in compliance with Federal and State regulations, including:

- a. The agreement must be in writing;

- b. The agreement has to be executed by the financial institution and the District contemporaneously with the acquisition of the asset;
- c. The agreement must be approved by the Board of Directors or designated committee of the financial institutions and a copy of the meeting minutes must be delivered to the District; and
- d. The agreement must be part of the financial institution's "official record" continuously since its execution.

Securities pledged as collateral shall be held by an independent third party governed by a custodial agreement acceptable to the District. The agreement is to specify the acceptable investment securities as collateral, including provisions relating to possession of the collateral, the substitution or release of investment securities, ownership of securities, and the method of valuation of securities. The agreement must clearly state that the custodian is instructed to release pledged collateral to the District in the event the District has determined that the financial institution has failed to pay on any matured investments, or has determined that the funds of the District are in jeopardy for whatever reason, including involuntary closure or change of ownership. A clearly marked evidence of the pledge must be supplied to the District and retained by the Investment Officers.

11. **BROKER/DEALERS** Broker/dealers must submit information as requested by the District and be in good standing with the Financial Industry Regulatory Authority ("FINRA"). Representatives of brokers/dealers shall be registered with the Texas State Securities Board. The Board, at least annually, shall review, revise and adopt a list of qualified broker/dealers that are authorized to engage in investment transactions with the District. The Board of Directors acknowledges the "List of Authorized, Qualified Broker/Dealers" as set forth in the document appended hereto as Appendix 1, which has been previously approved by the Board of Directors.
12. **INVESTMENT PROVIDERS** A written copy of this Investment Policy shall be presented to any person offering to engage in an investment transaction with the District.

Local Government Investment Pools and Discretionary Investment Management Firms shall execute a written instrument stating:

- a. The business organization has received and reviewed the District's Investment Policy; and
- b. Has acknowledged that the business organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the District and the organization that are not authorized by the District's Investment Policy, except to the extent that this authorization requires an analysis of the District's entire portfolio or requires an interpretation of subjective investment standards, or relates to investment transactions of the entity that are not made through accounts or other contractual arrangements over which the business organization has accepted discretionary investment authority.

An example of the written instrument is attached as Exhibit "A". The Investment Officers may not acquire or otherwise obtain any authorized investment described in this policy from a person who has not delivered to the District an instrument that is substantially in this form.

13. **INVESTMENT TRAINING** In order to provide qualified and capable investment management, the Investment Officers of the District shall: (1) attend training, accumulating at least 10 hours, relating to the Treasurer's or Investment Officers' responsibilities under the Government Code within 12 months after taking office or assuming duties; and (2) attend training with each two-year period aligned with the District's fiscal year and accumulating not less than 10 hours of instruction relating

to investment responsibilities under the Government Code. The training must include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolios, and compliance with the Government Code.

The Board approves the following independent sources of training:

- a. Government Treasurers' Organization of Texas
- b. Government Finance Officers Association (National and Texas)
- c. American Institute of Certified Public Accountants
- d. University of North Texas
- e. Texas State University

14. **STANDARD OF CARE** Investments shall be made with judgment and care, under prevailing circumstances that a person of prudence, discretion, and intelligence would exercise in the management of his or her own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. Investments shall be governed by the objectives specified in Government Code 2256.006, in the order of priority specified therein.

In determining whether an Investment Officer has exercised prudence with respect to an investment decision, the following shall be taken into consideration:

- a. The investment of all Funds, rather than the prudence of a single investment, over which the officer had responsibility.
- b. Whether the investment decision was consistent with this Investment Policy.

15. **PERSONAL INTEREST** An Investment Officer who has a personal business relationship with a business organization offering to engage in an investment transaction for the District or who is related within the second degree by affinity or consanguinity, as determined by Government Code, Chapter 573, to an individual seeking to sell an investment to the District shall file a statement disclosing that relationship with the Board and with the Texas Ethics Commission, and shall abstain from participation in the District's decision whether to engage the business organization or individual with which the Investment Officer has a relationship.

An Investment Officer has a personal business relationship with a business organization if:

- a. the Investment Officer owns 10 percent or more of the voting stock or shares of the business organizations or owns \$5,000 or more of the Fair Market Value of the business organization;
- b. Funds received by the Investment Officer from the business organization exceed 10 percent of the Investment Officer's gross income for the previous year; or
- c. The Investment Officer has acquired from the business organization investments with a Book Value of \$2,500 or more for the personal account of the Investment Officer.

16. **QUARTERLY REPORTS** The Investment Officers shall prepare and submit to the Board a written report in compliance with the requirements of the Government Code. This report shall be presented to the Board not less than quarterly, within a reasonable time after the end of the period. The report must:

- a. Contain a detailed description of the investment position of the District on the date of the report.
- b. Contain a summary statement of each pooled funds group that states:

- (1) Beginning Market Value for the reporting period.
- (2) Additions and changes to the Market Value during the period.
- (3) Ending Market Value for the period.
- (4) Fully accrued interest for the reporting period.
- c. State the Book Value and Market Value of each separately invested asset at the beginning and end of the reporting period by the type of asset and fund type invested.
- d. State the maturity date of each separately invested asset that has a maturity date.
- e. State the account or fund or pooled group fund in the District for which each individual investment was acquired.
- f. State the compliance of the investment portfolio of the District as it relates to the District's investment strategy expressed in the District's Investment Policy and relevant provisions of law.
- g. Record the signatures of each Investment Officer attesting to its compliance as required in item.

Market values will be obtained at least quarterly from sources deemed to be reliable and not affiliated with the original transaction acquiring the investment.

- 17. **ANNUAL REVIEW** The Investment Policy, and incorporated the investment strategies, shall be reviewed not less than annually by the Board. The Board shall affirmatively, by written resolution, state that it has reviewed the Investment Policy and investment strategies, and such resolution shall record any changes made in the Investment Policy or investment strategies.
- 18. **ANNUAL AUDIT** The Board shall perform or have conducted a compliance audit of management controls on investments and adherence to the Board's established investment policies. The compliance audit shall be performed in conjunction with the annual financial audit by the District's independent auditing firm. If the District invests in other than money market mutual funds, Investment Pools or deposits offered by its depository bank, the reports prepared by the Investment Officers shall be formally reviewed at least annually by an independent auditor, and the result of the review shall be reported to the Board by that auditor.
- 20. **ELECTRONIC FUNDS TRANSFER** The District may use electronic means to transfer or invest all Funds collected or controlled by the District.
- 21. **AUTHORIZATION** Unless authorized by this Policy, (including the appendices hereto) a person may not deposit, withdraw, transfer, or manage in any other manner the Funds of the District.
- 22. **COMPLIANCE** All investments made by the District must comply with the Texas Public Funds Investment Act and all federal, state and local statutes, rule or regulations.

INTRODUCTION

Montgomery County Hospital District is a political subdivision of the State of Texas created by an election of the District's voters in 1977. The District's purpose is to provide medical care and other health care services to qualifying, low-income residents of Montgomery County. In connection with such duties, the District must periodically make expenditures of public funds for purchases of supplies, equipment, materials and services. Although not required by the District's enabling legislation, the Board of Directors has sought to adopt comprehensive purchasing policies to ensure that District receives the best value.

This policy outlines the methods of procurement and the duties and responsibilities of the Montgomery County Hospital District as delegated to the Chief Executive Officer or his/her designee(s) by the Board of Directors.

It is the District's intention that all purchases of supplies, equipment, materials, and contracted services, (other than those covered by the Texas Professional Services Procurement Act)¹ where the costs exceed \$50,000 are to be purchased using a procurement methodology selected by the Chief Executive Officer and/or Board of Directors which is intended to result in obtaining the best value for the district.

Purchases of less than \$50,000 may be made to the open market by the District's Chief Executive Officer and/or his/her designee(s) as outlined in this policy.

PUBLIC PURCHASING HAS SEVERAL GOALS:

- Purchase the proper goods or services to suit the District's needs.
- Procure the best possible price and value for the goods or services required.
- Have the goods or services available where and when they are needed.
- Assure a continuing supply of needed goods and services.
- Guard against any misappropriation of the District Funds.

PUBLIC PURCHASING MUST ALSO ASSURE THAT:

- Responsible bidders are given a fair opportunity to compete for the District's business.
- The best value is received for the public dollar.
- Public spending is not used to enrich elected officials or government employees, or to confer favors upon constituents.

¹ Texas Local Government Code ch. 2254

The efficiency and effectiveness of any program depends on good, sound principles and management. Purchasing is no different. There are common, basic principles of purchasing which can be applied to any purchasing program to make it operational to the best advantage of any organization.

It is the intent of the policy to promote effective, efficient and consistent procurement in Montgomery County Hospital District, using procurement methodologies yielding the best value to the District for the benefit of its taxpayers.

There are several different types of purchases. They are as follows:

EMERGENCY:

Emergency purchases are made to meet a critical, unforeseen need of the District due to urgent circumstances and/or factors outside the District's control. Because the utilization of normal procurement processes would result in unreasonable delay in situations where public health and/or safety is at immediate risk, emergency purchases shall be exempt from otherwise applicable purchasing procedures as set forth herein.

SOLE SOURCE:

Sole Source purchases are goods and services available from only one supplier. This may be because of patents and copyrights or simply because a single vendor supplies the particular goods or services. These purchases shall be exempt from the otherwise applicable purchasing procedures set forth herein, so long as the decision is made that sole source procurement represents the best value to the District in light of the circumstances.

SERVICES:

Different types of services are needed by the District. Professional services shall be procured pursuant to the Professional Services Procurement Act for those services contemplated under said Act, and pursuant to a request for qualifications and/or request for proposals for services not contemplated under the Professional Services Procurement Act. In some instances, due to sole source, specialized skills and/or knowledge, service providers will be directly retained by the District, based upon the discretion of the Chief Executive Officer that a request for qualifications and/or request for proposals is unnecessary.

CONSTRUCTION:

These are projects normally involving the extensive use of plans, prints and/or professional construction services. The supervision of this type of procurement typically requires the services of an engineer. These projects will be procured pursuant to the methodology which results in the best value to the District and in strict compliance with Chapter 2267 of the Texas Government Code.

ITEMS:

Items include any service, equipment, goods, or other tangible or intangible personal property, including insurance and technology and are generally subject to competitive procurement as provided by these policies.

MCHD utilizes the following instruments in effecting purchases:

REQUISITION: Is a request for a purchase to be made. It is the first step taken after the need for goods and services is recognized. The requisition process must include a system of authorizations and safeguards to ensure that ethical purchasing procedures are followed.

PURCHASE ORDERS: Constitutes a contract for delivery of the goods and services and usually contains the terms, quantity, delivery and price.

MCHD personnel shall exercise diligence in utilizing requisitions and purchase orders for purchases of goods and services.

CIRCUMVENTING THE SYSTEM

Some types of purchases by the District are governed by statutory requirements of local, state or federal origin. The requirements of the statutes have been incorporated into the District's internal policies and will be followed where applicable. Circumvention of these policies is discouraged and any evidence of circumvention will constitute grounds for disciplinary action up to and including termination.

CHAPTER 1

STATEMENT OF PURCHASING POLICY

Approved by BOD on September 26, 2017

Montgomery County Hospital District operates under the authority granted by the State of Texas in its enabling statute (Chapter 1063 Texas Special District Local Law Code). With the exception of contracts for construction governed by ch. 2267 of the Government Code, the District's Board of Directors has been granted "the power to prescribe the method and manner of making purchases and expenditures by and for the hospital district."² The District's Board of Directors has elected to establish the following policies and reserve the right to amend them at any time.

The Montgomery County Hospital District pledges to discharge its duties in a manner that will provide, to all responsible vendors and contractors, an equitable and competitive access to Montgomery County Hospital District procurement processes. Further, the District's procurement will be conducted in a manner that will promote public confidence in the integrity of the organization.

CHAPTER 2

² Texas Special District Local Law Code §1063.106 .

2. It shall be a breach of ethics for an employee of the Montgomery County Hospital District to attempt to influence any public employee of Montgomery County Hospital District to breach the standards of ethical conduct set forth in these policies.
3. It shall be a breach of ethics for any employee of Montgomery County Hospital District to participate directly or indirectly in procurement when the employee knows that:
 - a. the employee, or a member of the employee's immediate family has a financial interest pertaining to the procurement;
 - b. A business or organization in which the employee, or any member of the employee's immediate family, has a financial interest pertaining to the procurement; or any other person, business, or organization with whom the employee, or any member of the employee's immediate family, is negotiating or, has an arrangement concerning prospective employment, or is involved in the procurement.
4. Gifts – It shall be a breach of ethics for any person to offer, give or agree to give any employee or former employee of Montgomery County or for any employee or former employee of Montgomery County Hospital District to solicit, demand, accept or agree to accept from another person, a gift or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or any other advisory capacity in any proceeding or application request for ruling, determination, claim or controversy, or other peculiar matter pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal, therefore, pending before the District.
5. Kickbacks – It shall be a breach of ethics for any payment, gift or offer of employment to be made by or on behalf of a subcontractor under a contract to the

prime contractor or higher tier of subcontractor for any contract for Montgomery County Hospital District or any person associated therewith, as an inducement for the award of a subcontract or order. No such inducement is proper prior to or subsequent to an award of contract.

6. It shall be a breach of ethics for any employee or former employee of Montgomery County Hospital District knowingly to use confidential information for actual or anticipated personal gain or for the actual or anticipated gain of any person.
7. Employees of the Montgomery County Hospital District who are found to have violated any one or more of the Code of Ethics shall be subject to disciplinary action, including possible termination of employment with the District and prosecution as may be afforded by law.
8. Employees of the Montgomery County Hospital District shall ensure that all applicable laws and regulations pertaining to procurements of goods and services are honored, including for example, acknowledging conflicts of interest under Chapter 171 of the Texas Local Government Code, vendors who are disbarred from participating in government contracts due to violations of Medicare or Medicaid regulations, et cetera.
9. It shall be a breach of ethics for any employee who is involved in the purchasing of goods or services for Montgomery County Hospital District to intentionally seek to evade the competitive procurement of such goods or services by breaking down the purchase into component or sequential purchases.

CHAPTER 3

THE PURCHASING AGENT

1. The Chief Executive Officer of the Hospital District, and/or his designee(s), shall act as the District's purchasing agent and supervise all purchases to ensure compliance with this policy.
2. A purchase made by the Chief Executive Officer and/or his designee(s) shall be paid for by the manner provided by law, including but not limited to the Texas Prompt Payment Act (Texas Government Code chapter 2251). The District may not honor a payment for a purchase unless the purchase is made and/or authorized by the Chief Executive Officer and/or his designee(s) or by the Board of Directors and funds have been appropriated and budgeted for such purchase.
3. In addition to the aforementioned requirements, the Chief Executive Officer for Montgomery County Hospital District and/or his designee(s) will:
 - a. encourage and support compliance with the Texas state statutes, including the District's enabling legislation and the policies adopted there under by the Board of Directors, including but not limited to this policy; and
 - b. promote local business participation in the Montgomery County Hospital District procurement process.

CHAPTER 4

THE PURCHASING PROCESS

Approved by BOD on September 26, 2017

A. GENERAL INFORMATION

1. Montgomery County Hospital District will not be obligated to purchase equipment or accessories that are delivered for use on a trial basis.
2. The following purchasing procedures that are made with the intention of avoiding competitive bidding requirements are not authorized:
 - a. **COMPONENT PURCHASES:** defined as purchasing an item that, as a whole, would have normally been competitively bid, in a series of component purchases.
 - b. **SEPARATE PURCHASES:** defined as purchasing an item in a series of separate purchases that normally would have been purchased in one.
 - c. **SEQUENTIAL PURCHASES:** defined as purchases made over a period of time that in normal purchasing practices would be made as one purchase.
3. No District employee has the authority to request a purchase of supplies, materials, equipment, or services for his/her own personal use.

B. ADDITIONAL PURCHASING RESPONSIBILITIES

1. The Chief Executive Officer and/or his designee(s) should be cognizant of budget balances and refrain approving expenditures in excess of those balances, except in cases of public necessity and/or public calamity.
2. The Chief Executive Officer and/or his designee(s) shall plan purchases in order to keep “rush” and “emergency” purchases to a minimum. The District rarely enjoys any economic benefits from rush and emergency purchases. In most cases, prices for commodities and services are at a premium when there is not proper time allowed to explore sources, options, and alternatives.
3. The Chief Executive Officer and/or his designee(s) shall assure that all District employees responsible for making requests for purchases have read and understand the purchasing policies of Montgomery County Hospital District as embodied in this policy.
4. The Chief Executive Officer and/or his designee(s) shall ensure that where possible, purchase and procurement requests are descriptive and specific but do not prevent competitive bidding of comparable items.

5. The Chief Executive Officer and/or his designee(s) should understand and appreciate the nature of public purchasing, and seek to put all interested vendors on a level playing field with respect to awards of MCHD contracts.

C. PURCHASES

1. The purchase process should include a system of authorizations and safeguards so that improper or illegal purchasing is difficult both to initiate and to conceal.
2. Purchases for services will include information from the requisitioning employee that will provide additional details regarding the required service if necessary, and the budget account for which such item shall be charged.
3. The Chief Executive Officer may designate one or more persons authorized to make purchasing decisions for MCHD based upon department needs, employment seniority, employment responsibility, employment designation, amount of purchase, or other criteria as chosen by the Chief Executive Officer. The Chief Executive Officer at his discretion may set purchasing limits for his designees and authorized employees. All such delegations shall be memorialized in writing in one or more instruments.
4. In purchasing under this Policy any real property or personal property that is not affixed to real property, if MCHD receives one or more bids from a responsible bidder whose principal place of business is in Montgomery County and whose bid is within three percent of the lowest bid price received by MCHD from a responsible bidder who is not a resident of Montgomery County, MCHD, at its sole option may enter into a contract with:
 - a. the lowest responsible bidder; or
 - b. the responsible bidder whose principal place of business is in Montgomery County if MCHD determines, in writing, that the local bidder offers MCHD the best combination of contract price and additional economic development opportunities for MCHD created by the contract award, including the employment of residents of Montgomery County and increased tax revenues to MCHD.³
 - c. This section does not prohibit MCHD from rejecting all bids.

CHAPTER 5

³ Texas Local Government Code § 271.905.

STANDARD PURCHASE ORDERS

A. STANDARD PURCHASE ORDERS

1. Authorized purchases must be conducted through the District's Requisition Process. Whenever practical the Purchase Order must be completed and approved prior to the time of purchase of the good or service. Point of sale purchases, generally for smaller amounts and small items are not required to have a Purchase Order completed prior to purchase; however, all District employees shall endeavor to use the Purchase Order process as much as possible.
2. Whenever possible, a Purchase Order should be generated using the online electronic Requisition System.
3. File copies of all Purchase Orders will be maintained in accordance with the District's records retention policy.

B. CONTRACTS/BLANKET PURCHASE ORDERS

1. Contract/Blanket Purchase Orders are agreements with vendors which allow frequent or small purchases by departments during the District's fiscal year without going through repetitive procurement procedures. Blanket Purchase Orders can also control pricing.
2. Montgomery County Hospital District will have two classes of Contract/Blanket Purchase Orders:
 - a. Purchase Orders of up to and including \$25,000 in a fiscal year which will be solicited unilaterally by the Chief Executive Officer and/or his designee(s);
 - b. Purchase Orders expected to exceed \$25,000 in a fiscal year, and which require the approval of the Board of Directors.
3. Annual Contracts for Maintenance and Service Agreements.
 - a. Where feasible, the District may enter into annual contracts with selected vendors for various maintenance services. These contracts may include, but not be limited to, office machine maintenance including computers and related office equipment, software maintenance and upgrades, cleaning services, pest control, and equipment rental agreements.
 - b. Negotiation of these contracts and agreements is the responsibility of the Chief Executive Officer and/or his designee(s).
 - c. As contracts are initiated, appropriate staff will be notified as to the terms of the agreements and how to obtain needed service through them.

C. PURCHASE ORDERS FOR TRAINING, SEMINARS, MEMBERSHIPS, SUBSCRIPTIONS, TRAVEL, LODGING, FOOD, AND BOOKS.

Competitive quotes are not required for individual expenses incurred in connection with training, seminars, memberships, subscriptions, travel, foods, or books which total less than \$2,000.00 per person unless the Chief Executive Officer and/or his designee(s) deems it necessary; however, persons making such purchases are encouraged to ensure the District is obtaining a reasonable governmental rate for all expenditures in connection with District business. Persons making such expenses are not required to select the lowest cost item under this section if legitimate reasons exist for selection of an item of higher cost. Expenses incurred for travel, lodging, and meals will be approved and paid in accordance with the Personnel Policies & Procedures – Travel and Entertainment Policy⁴.

D. DOLLAR THRESHOLDS FOR PURCHASE ORDERS

1. If a purchase requires an expenditure of funds in an amount up to and including \$25,000 the Chief Executive Officer and/or his designee(s) will make and approve all purchases unilaterally. The purchasing procedure will be as follows:
 - a. \$2,000.00 or LESS –
quotations may or may not be solicited, only if Chief Executive Officer and/or his designee(s) deems necessary;
 - b. \$2,000.01 to \$ 10,000.00
telephone and/or electronic (internet, online, email) price quotations will be sought. All telephone and/or electronic quotations will be documented and recorded by the Chief Executive Officer and/or his designee(s). Alternatively, informal written bids and/or proposals may be solicited. Whenever possible, any quotes received shall be documented in the electronic Requisition system;
 - c. \$10,000.01 to \$50,000.00
written quotations will be requested and documented in connection with the award decision;
 - d. Greater than \$50,000.00
will be conducted by the formal, sealed, bid or request for proposal process.
2. The Chief Executive Officer and/or his designee(s) reserves the right to deviate from these policies for any purchases under the \$50,000 competitive bidding

⁴ These policies incorporate by reference the reimbursement rates approved by the federal government.

threshold, if it is in the best interest of the District and if it will facilitate specific District operations.

3. Sequential, Component, Separate, or Cumulative purchase orders for a single particular product and which would amount to \$50,000 or more within a fiscal year shall be subject to the competitive bid procedures set out in this policy.

E. EXCEPTIONS TO THE PURCHASE CYCLE FOR EXPENDITURES UNDER \$50,000

1. As with any set of guidelines or rules, there will be exceptions to the normal purchasing cycle with the understanding that the exceptions will only apply when there is a legitimate and obvious need.
2. EMERGENCY: An emergency situation is commonly described as an unforeseen situation which adversely and unduly affects the life, health, or convenience of the residents of Montgomery County, or circumstances that would cause a loss to the District. If an emergency arises during normal working hours, the affected employee(s) shall:
 - a. notify the Chief Executive Officer and/or his designee(s) of the situation and possible cost, if known;
 - b. within the working day or not exceeding the next working day, the employee will submit the Requisition to the Chief Executive Officer and/or his designee(s) noting the reason for the emergency.
3. If an emergency should arise after regular hours, the employee may proceed with the emergency acquisition and on the next regular day of business, a Requisition, invoices and properly completed receiving report (including a brief explanation of the purchase) will be sent to the Chief Executive Officer and/or his designee(s). The Chief Executive Officer and/or his designee(s) will then assign a Purchase Order number and forward that number to the appropriate vendor.

EMERGENCY PURCHASES EXCEEDING \$50,000 CAN NOT BE MADE WITHOUT PRIOR APPROVAL FROM THE BOARD OF DIRECTORS AND THE CHIEF EXECUTIVE OFFICER OR HIS EXECUTIVE STAFF DESIGNEE.

F. REIMBURSEMENTS TO AN INDIVIDUAL AND/OR STORE ACCOUNT

1. Since reimbursements are different from purchases, only in that the vendor is a specified employee or Store account, they must meet all purchasing procedures as outlined in the Purchasing Policy.
2. When possible, reimbursements must have prior approval from the Chief Executive Officer and/or his designee(s).
3. If prior approval was not obtained, written documentation explaining why it was not possible to do so, must be submitted to the Chief Executive Officer and/or his designee(s).

G. CONTRACT WITH PERSON INDEBTED TO THE DISTRICT

1. The District may refuse to enter into a contract or other transaction with a person and/or entity indebted to the District.

CHAPTER 6

PROCUREMENT OF PROFESSIONAL SERVICES

Approved by BOD on September 26, 2017

1. The procurement of professional services will be governed by the “Professional Services Procurement Act” (Tex. Gov’t. Code ch. 2254). Professional Services includes:
 - a. accounting,
 - b. architecture,
 - c. landscape architecture,
 - d. land surveying,
 - e. medicine,
 - f. optometry,
 - g. professional engineering,
 - h. real estate appraising, or
 - i. professional nursing.
2. Though competitive bids/quotes may not be used, it will be the policy of the District to procure, in most cases, professional services through a request for qualifications (RFQ). There may be instances when it is not practical to pursue this method of procurement for professional services. The procurement of services must be based on qualifications and competence, and shall comply with the express statutory requirements where such are applicable.
3. The Board of Directors is required to approve any contract for a professional service which will exceed \$25,000 during a fiscal year. The contract shall be in writing and approved and signed before services are rendered.
4. The Chief Executive Officer will sign contracts up to and including \$25,000 for professional services; the contract shall be in writing and signed before services are rendered.
5. For other professional type services not specifically defined above in paragraph 1 of this Chapter, the District shall review whether such services should be bid by Request for Proposal (RFP), Request for Qualifications (RFQ), or direct hire. The Chief Executive Officer or his designee shall have the discretion to decide the manner and method of contracting for such services based upon his evaluation of each circumstance.

CHAPTER 7

COMPETITIVE BIDS/PROPOSALS

A. COMPETITIVE BIDS

1. Competitive bidding means letting the available vendors compete with each other to provide goods and/or services. In the case of local governmental entities, the bidding process has two additional purposes.
 - a. The first purpose of competitive bidding is to ensure that public monies are spent properly, legally, and for public projects or goods, and that the best possible value is received for the money.
 - b. The second purpose is to give those qualified and responsible vendors who desire to do business with the District a fair and equitable opportunity to do so. The employment of a standard, and consistent bidding process provides the public with an assurance that their tax dollars are being spent properly.
2. With a few exceptions, competitive bidding of expenditures in excess of \$50,000 will be accomplished by the following:
 - a. After specifications are developed, notice of the proposed purchase will be advertised in the manner required by law or this policy.
 - b. All purchases over \$25,000 require Board approval and are subject to the bidding criteria set forth in the bid specifications.
3. Nothing in these policies shall be construed to prohibit or prevent the District from using competitive bidding and/or competitive proposals for procurements of items in which the anticipated expenditure by the District is less than \$50,000, where it is determined to be advantageous to the District to do so.

B. REQUEST FOR PROPOSALS

If the Chief Executive Officer and/or his designee(s) determine that it is impractical to prepare detailed specifications for an item to support the award of a purchase contract, the person may use a competitive proposal procedure.

C. BONDING

Bid solicitations may include, as necessary, bonding requirements (e.g. bid bonds). This is to ensure that if the bidder attempts to withdraw after his bid is accepted, the District will not suffer financial loss.

D. PRE-BID CONFERENCE

The Chief Executive Officer and/or his designee may require a principal, officer, or employee of each prospective bidder/proposer to attend a mandatory pre-bid/pre-proposal conference for the purpose of discussing specifications, contract requirements and answering questions of prospective bidders/proposers.

E. AWARDING A CONTRACT

1. The Chief Executive Officer and/or his designee(s) will evaluate all bids and/or proposals, and a recommendation will be made to the Board of Directors for those purchases that require Board of Directors' approval. Factors that shall be considered in such evaluation shall include but not be limited to, the bidder's/proposer's ability to perform and or supply the product or service in a timely manner, the bidder's/proposer's history in supplying such goods and /or services, the quality of the goods and/or services offered, and any other factors identified by the Chief Executive Officer and/or his designee as being pertinent to the determination of a bidder's/proposer's responsibility and ability to perform under its bid and/or proposal. The District shall endeavor to determine and publish its scoring criteria for evaluation of bids and/or proposals in the bid specifications and/or request for proposals.
2. The Chief Executive Officer and/or his designee(s) or Board of Directors as appropriate, will either approve the recommendation or reject all bids and authorize the Chief Executive Officer to re-bid the item and/or service.
3. After an award is made, a purchase order will be issued and a contract signed as may be appropriate under the circumstances.

F. MODIFICATION AFTER AWARD

1. After award of a contract but before the contract is made, the Chief Executive Officer and/or his designee(s) may negotiate a modification of the contract if the modification is in the best interests of the District and does not substantially change the scope of the contract or cause the contract amount to exceed the next lowest bid.

2. If it becomes necessary to make changes in plans, specifications, or proposals after a contract is made or if it becomes necessary to increase or decrease the quantity of items purchased, the Chief Executive Officer and/or his designee(s) may make the changes. Generally such changes will be documented in a change order or a contract amendment reflecting the reasons for the change and the amount the contract is increased or decreased. However, the total contract price may not be increased unless the cost of the change can be paid from budgeted and available funds of the District.
3. No change order and/or attempted modification of a contract, in the aggregate, which causes the contract price to increase by \$25,000 or more shall be valid unless approved by the District's Board of Directors.

CHAPTER 8

EXEMPTIONS TO THE COMPETITIVE BIDDING PROCESS

Some goods and services are exempt from the competitive bidding process. Section 262.024 of Texas Local Government Code lists several circumstances when purchases may be exempt from the competitive bidding process. While the District is not bound to Section 262.024 of the Texas Local Government Code, by way of example, the following is a list of items and circumstances that may be exempt from competitive bidding. The Chief Executive Officer may in his discretion exempt a purchase from competitive bidding for good cause. In such instance the Chief Executive Officer must get Board approval for any exception over \$50,000.00.

A. ITEMS AND SERVICES THAT ARE EXEMPT FROM COMPETITIVE BIDDING INCLUDE:

1. An item that must be purchased in a case of public calamity, if it is necessary to make the purchase promptly to relieve the necessity of the citizens, or to preserve the property of the District,
2. Personal or professional services,
3. Real property purchases or right of way circumstance,
4. Personal property sold at auction or at a going out of business sale,
5. Property owned by a political subdivision of a local, state or federal governmental entity,
6. Purchases made by and through the District's participation in a local government purchasing cooperative and/or through an interlocal agreement⁵ with another governmental entity shall be deemed to have satisfied the requirements of this policy.

(NOTE: EMERGENCY ORDERS WHICH EXCEED \$50,000 REQUIRE THE BOARD OF DIRECTORS APPROVAL BEFORE A PURCHASE ORDER CAN BE ISSUED)

B. GOODS AND SERVICES WHICH CAN ONLY BE OBTAINED FROM ONE SOURCE, INCLUDING:

1. Goods and services for which competition is precluded because of the existence of patents, copyrights, trade secrets, or monopolies,
2. Electric power, gas, water, other utility type services,
3. Captive replacement parts for equipment or parts made by a specific manufacturer for equipment produced by same manufacturer,
4. Other goods or services which may be provided by only one vendor or manufacturer.

SOLE SOURCE ITEMS require a memo or statement from the Chief Executive Officer and/or his designee(s) supported by a statement from the vendor as to the existence of only one

source, to be accepted by the Board of Directors and this must be reflected in the minutes of the meeting of the Board of Directors.

C. THE RENEWAL AND/OR EXTENSION OF A LEASE, MAINTENANCE AGREEMENT, LICENSE AGREEMENT, OR SIMILAR CIRCUMSTANCE.

1. The renewal or extension of a lease, maintenance agreement, license, or similar issue is exempt from competitive bidding, but remains subject to appropriations by the Board when:
 - a. The lease, maintenance agreement, license, or similar issue has gone through the competitive bidding procedure originally, or was exempt by Sole Source exceptions and continues to be subject to Sole Source exceptions.
2. It is possible that a lease, maintenance agreement, license, or similar issue may be subject to a Sole Source exception as well. In such cases, the Chief Executive Officer may with good cause exempt the purchase from competitive bidding on that basis. However, the Chief Executive Officer shall endeavor at all times to secure the best price available for the District.
3. The Chief Executive Officer may in his discretion exempt EMS Station Leases which are \$25,000 or less per year per Station from competitive bidding requirements.

CHAPTER 9

CONSTRUCTION

- A.** Chapter 2267 of the Texas Government Code shall govern all contracts for construction by the Montgomery County Hospital District. In addition, the bonding requirements set forth in Chapter 2253 of the Texas Government Code shall apply to all contracts for construction.
- B.** The District will consult legal counsel before entering into a construction contract to ensure all legal requirements have been met.
- C.** All the methods for construction set forth in Chapter 2267 of the Texas Government Code shall be available to the District to choose from at the discretion of the Board of Directors, which shall pick the method which provides the best value to the District.

CHAPTER 10

STATE CONTRACT, CATALOGUE PURCHASES AND INTERLOCAL AGREEMENTS

A. INTRODUCTION

Several statutory provisions in Texas law provide authority to local governments to purchase goods and services through the State General Services Commission's vendors and/or through agreements with other local governments and political subdivisions and through local government purchasing cooperatives. One such provision allows purchasing from vendors with which the State has entered into contracts as a result of competitive bidding procedures. These are referred to as State Contract purchases. Another provision allows purchasing automated information services from approved vendors based on their catalogue prices and negotiations. These are referred to as State Catalogue purchases. Other provisions allow for purchasing through interlocal agreements, including through local government purchasing cooperatives.

B. STATE CONTRACT PURCHASES

1. Sections 271.081 through 271.083 of the Texas Local Government Code requires the State Purchasing and General Services Commission to establish a local government purchasing program. The Montgomery County Hospital District may participate in this program and may make purchases under such program and by doing so is deemed to have satisfied the bidding requirements imposed by these policies.
2. The Chief Executive Officer or his designee is designated to act for the District at the direction of the Board of Directors in all matters relating to the program, including the purchase of goods and services from the vendor under any contract. The District is responsible for making payments directly to the vendor.
3. The Chief Executive Officer or his designee is responsible for submitting requisitions to the commission under any contract or electronically sending purchase orders directly to vendors and reports to the commission on actual purchases in compliance with the commission's regulations.
4. The Chief Executive Officer is responsible for vendor's compliance with all the conditions of delivery and quality of the purchased goods and services.
5. The Chief Executive Officer is authorized to sign and deliver all necessary documents for purchases under this program on behalf of the District.

6. The award of any contract from state contracts shall be in writing, approved and signed by the Chief Executive Officer up to and including \$25,000 or if more than \$25,000 such award approved by the Board of Directors prior to any services being rendered.

C. STATE CATALOGUE PURCHASES

1. The District is authorized by the Texas Government Code Section 2157.067 and the Texas Local Government Code Sections 271.082 and 271.083 to participate in the State General Services Commission's catalogue purchasing procedure for automated information systems.
2. The District will follow procedures outlined the Texas Government Code Chapter 2157 for the purchase of automated information systems. The District will seek the best value which is in the District's best interest by following the Request for Offer (RFO) procedure.
3. The award of any contract from the state catalogue shall be in writing, approved by either the Chief Executive Officer if the contract amount is up to and including \$25,000 or approved by the Board of Directors if more than \$25,000 prior to services being rendered.

D. INTERLOCAL AGREEMENTS

Purchases made by the District through interlocal agreements with other local governmental entities and/or through local government purchasing cooperatives shall be deemed to satisfy these purchasing policies with respect to the competitive bidding and/or competitive procurement of items purchased through such agreements.

CHAPTER 11

SPECIFICATIONS

A. SPECIFICATIONS – GENERAL

A specification is a concise description of a good or service an entity seeks to buy, and the requirements the vendor must meet in order to be considered for the award. A specification may include requirements for testing, inspection, preparing, or installation. The specification is the total description of the purchase. The specification may also contain the evaluation criteria for the evaluation of the bid or proposal.

B. PURPOSE

The purpose of any specification is to provide clear guides of what is to be purchased and to provide vendors with firm criteria of a minimum standard acceptable for goods or services. A properly drafted specification has four characteristics:

1. It establishes the minimum acceptability of the goods or services;
2. It promotes competitive bidding;
3. It contains provisions for reasonable test and inspections for acceptability of the goods or services; and
4. It provides for an equitable award to the lowest and best bid from a responsible bidder.

C. PREPARATION OF SPECIFICATIONS – District personnel shall use diligent efforts to prepare procurement specifications meeting these policies and guidelines, and such specifications shall provide sufficient detail to enable all bidders/proposers to avoid speculation and/or conjecture in the preparation of their bids in identifying the goods and/or services sought by the District.

CHAPTER 12

PROPERTY SALVAGE AND DISPOSAL – DISPOSITION

1. Throughout the fiscal year, items may outlive their usefulness and become unserviceable or obsolete. Prior to taking any item out of service, it should first be determined that the item in question could not be transferred to another user department for continued service. If it is found that the item is no longer serviceable to the District it shall be reported to the Board of Directors for ultimate disposal.
2. Upon approval by the Board of Directors, surplus or salvage material, and equipment may be disposed of in one the following methods:
 - a. public auction and or public sale;
 - b. trade-in on new equipment;
 - c. sealed bids;
 - d. distribution as unsalvageable and/or donation to local charity groups;
 - e. if salvage property cannot be donated, then disposed of in a commercially prudent manner.
3. At times, the District may be asked to purchase an item for and on behalf of another Government Entity wishing to rely on expertise of the District in a particular area. The District may do so only when the purchase will not interfere financially or otherwise with the mission of the District and when such purchase is outlined in a written interlocal agreement. Such purchases may not result in a gift or grant to the other Government Entity.

CHAPTER 13

INVOICES

Invoicing is considered an important part of the procurement process.

As per this policy, the vendor's invoice will be submitted directly to the Chief Executive Officer and/or his designee(s) by the vendor. If the mail is used, the address to be used is:

CHAPTER 14

Approved by BOD on September 26, 2017

PURCHASING AUTHORIZATION

A. APPOINTMENT OF DESIGNEES

1. The Chief Executive Officer shall be authorized to appoint one or more designees as purchasing officers to carry out the requirements of this policy and to act in the place of the Chief Executive Officer in the making of purchases of goods and services for the District.

B. PURCHASING AUTHORIZATION FORM

1. A written designation shall be signed by the Chief Executive Officer for each person who has been delegated the authority to approve purchases on the Chief Executive Officer's behalf.
2. The purchasing authorization designation shall indicate that the person having the authority to approve purchases has read and understood the Purchasing Policies and Procedures and will abide by the guidelines, restrictions, and duties enumerated therein.

CONCLUSION

This Purchasing Policy may be amended and supplemented from time to time by resolution of the Board of Directors. All existing purchasing policies of the District containing provisions inconsistent with these policies and procedures are hereby repealed and replaced by these policies and procedures. No violation of these policies and procedures alone shall constitute a basis for a legal challenge, as it is intended by the District that these policies are intended to provide a method of guidance for the District's purchases, but shall not be construed as having the force and effect of law. Any provisions of the District's enabling status as well as other state or federal laws, rules or regulations which are applicable to the District and which conflict with these policies and procedures shall supersede these policies and procedures to the extent of such conflict.

This policy has been approved by the Board of Directors of the Montgomery County Hospital District, acting at a public meeting held in strict compliance with the Texas Open Meetings Act, to take effect immediately.

THESE POLICIES AND PROCEDURES WERE PASSED AND APPROVED BY THE BOARD OF DIRECTORS OF THE MONTGOMERY COUNTY HOSPITAL DISTRICT ON THE 17TH DAY OF JUNE, 2008. AMENDMENTS TO THIS POLICY WERE ADOPTED BY THE BOARD OF DIRECTORS ON THE 28TH DAY OF MAY, 2012 AND ON THE 27TH DAY OF SEPTEMBER, 2016.

MONTGOMERY COUNTY HOSPITAL DISTRICT Compliance Plan

I. COVERAGE

The Compliance Plan applies to all directors, officers, medical staff members, employees, volunteers and contractors of Montgomery County Hospital District (MCHD).

II. INTRODUCTION

1. Purpose of the Compliance Plan:

It is the philosophy and expectation that all directors, officers, medical staff members, employees, volunteers and contractors of MCHD conduct business and operations in accordance with the highest standards and ethics. MCHD complies with all federal, state and local laws that govern the health care industry.

The Office of Inspector General (“OIG”) guidelines set forth seven elements required “at a minimum” for an effective Compliance Plan. These elements, which MCHD has adopted, are as follows:

- a. Written standards of conduct;
- b. Designation of a Compliance Officer and a Compliance Committee;
- c. Regular training for all employees;
- d. Reporting mechanisms, such as a Compliance Line, that protect the anonymity of the caller and
- e. the confidentiality of the complaint;
- f. Prompt investigation of complaints and the imposition of appropriate disciplinary action;
- g. Scheduled audits to monitor compliance with the Compliance Plan and applicable federal and state laws and regulations; and,
- h. Investigation and remediation of identified systemic problems.

In addition, the Compliance Plan addresses other specifically identified duties such as general standards of conduct, policies and procedures that promote compliance with applicable laws. Some standards of conduct, policies and procedures are general and can be universally applied to all aspects of MCHD’s operations. Other standards of conduct and procedures are specific and based on the stated expectations of the governmental agencies that regulate the healthcare industry.

Accordingly, the Compliance Plan cannot address in precise details all of the acts that need to be undertaken to achieve regulatory compliance. It is anticipated, however, that the Plan will articulate standards of conduct and procedures that are necessary to promote regulatory compliance.

2. Adherence to the Plan

No directors, officers, employees, medical staff members, volunteers and contractors of MCHD is authorized to act in disregard of any requirement of this Compliance Plan. Any individual wishing to be excused from any Plan requirement must request and receive express written permission from the Compliance Officer.

The Compliance Plan will be modified to accommodate changes in the law and when otherwise necessary. MCHD encourages comments and suggestions from directors, officers, employees, medical staff members, volunteers and contractors who believe that the Plan can be improved. Individuals wishing to suggest a change in the Plan should contact their supervisor, the Compliance Officer or the Compliance Committee.

Code of Business Conduct and Ethics

Operating with a strong sense of integrity is critical to maintaining trust and credibility. Our Code embodies such rules regarding individual and peer responsibilities, as well as responsibilities to our patients, employees, stakeholders and the community, and includes:

- ✓ Prohibiting conflicts of interest (including protecting District opportunities);
- ✓ Protecting the District's confidential and proprietary information and that of our patients;
- ✓ Treating the District's patients, employees, stakeholders and competitors fairly;
- ✓ Protection and proper use of District assets;
- ✓ Compliance with laws, rules and regulations; and
- ✓ Encouraging the reporting of any unlawful or unethical behavior.

It is not possible to formulate in advance an all-inclusive set of guidelines regarding appropriate business conduct. The examples shown below provide guidelines for certain types of situations. Specific questions regarding situations which are not covered by this Code of Business Conduct and Ethics ("Code") will be answered on a case-by-case basis with the Human Resources Manager, Compliance officer and/or the CEO as they arise and may be addressed in other publications provided by the District.

Note: Nothing in this section is intended to restrict and/or otherwise violate the rights of employees with regard to Protected Concerted Activity under the NLRB Act and/or, but not limited to any other applicable laws and regulations.

Overview of Business Ethics

This Code outlines the broad principles of legal and ethical business conduct embraced by the District. It is not a complete list of legal or ethical questions an Employee might face in the course of business and, therefore, this Code must be applied using common sense and good judgment. Additionally, under certain circumstances, local country law may establish requirements that differ from this Code. The District's Employees are expected to comply with all laws AND District policies.

It is essential that we all be aware of possible violations of the District's business ethics – whether these violations occur in dealings with the government or the private sector, and whether they occur because of oversight or intention. Employees should discuss any concerns about this Code with the Human Resources Manager, Compliance Officer and/or CEO.

Conflicts of Interest

Employees are expected to make or participate in business decisions and to take action in the course of their service to the District based on the best interests of the District as a whole, and not based on personal relationships or benefits. If an Employee's personal affairs create a conflict of interest, a potential conflict of interest, or the appearance of a conflict of interest, the District requires a full and timely disclosure of the facts and circumstances.

Any Employee who has a question as to whether an existing or potential conflict of interest exists should immediately contact the Human Resources Manager and/or the CEO to report all the pertinent facts and to request an opinion with respect to the question.

Set forth below is specific guidance for some areas of potential conflict of interest that require special attention.

Relationship with Competitors

An Employee should not have any significant financial interest in a competitor of the District.

Interest in Other Businesses

Employees must avoid any direct or indirect financial relationship with other entities that could cause divided loyalty. While employed by the District, Employees must receive written permission from the CEO before beginning (i) any employment, business or consulting relationship with another entity; (ii) any business or consulting arrangement with a supplier to the District; or, (iii) any investment in a supplier.

Activities that would be a conflict include as examples the following:

The Employee's participation in such business could interfere with the employee's ability to devote proper time and attention to his or her employment by the District taking away from the District the Employee's talents and creative energy.

Non-Business Activities

Participation in the activities of a trade association, professional society, charitable institution or governmental institution on a non-compensated basis or holding a part-time public office (with or without compensation) will not generally create a conflict. However, Employees should be sensitive to possible conflicts with the District's business interests if, for instance, the association takes a position adverse to the District's interests.

Personal Relationships “Fraternization” Policy

MCHD reserves the right to take prompt and immediate action if an actual or potential conflict of interest arises due to employees allowing personal relationships with each other to progress beyond platonic friendships; i.e. Fraternization”. **Fraternization is strictly prohibited.** In addition, the employment of members of the same immediate family, of those who share a household may create conflicts of interest or the perception of conflicts of interest.

Individuals in managerial positions or other influential roles are subject to more stringent requirements under this policy due to their status as role models, their access to sensitive information and their ability to influence others. If such a personal relationship occurs, it is the responsibility and obligation of the Employees involved to disclose the existence of the relationship to Human Resources. Managers, supervisors and others in positions of authority are not permitted to directly supervise a spouse, child, or others as related through a non-platonic relationship.

MCHD may take action, including but not limited to, changing one or both parties' reporting structure or termination of employment of one or both parties involved.

Note: The provisions of this policy apply regardless of the sexual orientation of the parties involved and/or the marital status of the parties involved.

Personal Use of District Property and District Information

An Employee shall not:

Use or divert any District property, including the services of other Employees, for his or her own advantage or benefit or to compete with the District. All District assets should be used for legitimate business purposes.

Use District letterhead paper when writing letters on personal or other matters not directly related to the District's business, except for use of District letter- head for civic and charitable causes that enhance the District's reputation in the community.

Laws, Regulations and Government Related Activities

Violation of governing laws and regulations is unethical and subjects MCHD to significant risk in the form of fines, penalties and damaged reputation. It is expected that each Employee will comply with applicable laws, regulations and District policies.

Privacy Laws and Policies

Privacy of Patient Information and Data Protection

One of our most important assets is our patients' trust. Keeping patient information secure and using it appropriately is therefore a top priority for all of us at the District. Employees must safeguard any confidential information our patients strictly observing HIPAA guidelines and regulations.

Privacy of Employee Information

MCHD recognizes and protects the privacy and confidentiality of employee medical and personnel records. Such records must not be shared or discussed outside the District, except as authorized by the employee or as required by law, rule, regulations or a subpoena or order issued by a court of competent jurisdiction or requested by a judicial or administrative or legislative body. Requests for such records from anyone outside the District under any other circumstances must be approved by the Human Resources Manager and/or CEO.

Confidential Information

All information pertaining to the District's business is confidential, proprietary and a protectable trade secret, except to the extent that the District has made such information public, such as through advertising, a press release or a publicly-filed report.

Unauthorized disclosure of any confidential information is prohibited. Confidential information is only provided to Employees for their confidential use in performing job responsibilities. Sharing this information (including, but not limited to, reports, copies of reports, any form of written summary of any kind, verbal disclosures or pictures) inside or outside of the District in any unauthorized way is strictly prohibited. Confidential information includes, but is not limited to, patient lists, employee lists, compensation information, bonus plans, PHI and proprietary business programs, processes and software, and other conversations of a sensitive manner unless otherwise guided by law.

Compliance with this policy requires that each Employee exercise care to reduce the likelihood of unauthorized disclosures of confidential information.

Documents should be properly safeguarded at all times. No Employee should attempt to obtain confidential information, which does not relate to his or her employment duties. Employees should treat all nonpublic District information as confidential both during and after their employment.

Work Product Ownership

All MCHD employees must be aware that MCHD retains legal ownership of the product of their work. No work product created while employed by MCHD can be claimed, construed, or presented as property of the individual, even after employment by MCHD has been terminated or the relevant project completed. This includes written and electronic documents, audio and video recordings, system code, and also any concepts, ideas, or other intellectual property developed for MCHD, regardless of whether the intellectual property is actually used by MCHD. Although it is acceptable for an employee to display and/or discuss a portion or the whole of certain work product as an example in certain situations (e.g., on a resume, in a freelancer's meeting with a prospective client), one must bear in mind that information classified as confidential must remain so even after the end of employment, and that supplying certain other entities with certain types of information may constitute a conflict of interest. In any event, it must always be made clear that work product is the sole and exclusive property of MCHD. Freelancers and temporary employees must be particularly careful in the course of any work they discuss doing, or actually do, for a competitor of MCHD.

Reporting of Violations

Employees are encouraged to talk to the Human Resources Manager and/or CEO when in doubt about the best course of action in a particular situation. The making of a report does not mean a violation has occurred. The District will investigate each complaint, and the subject person will be presumed not to have violated this Code unless the investigation reveals that a violation has occurred.

Conclusion

Every employee is responsible for assisting the District in the implementation of these policies and is expected to adhere to these policies, not only in practice but also in spirit. Employees violating these policies or any other policies of the District are subject to corrective action up to and including termination of employment. This section is not intended to restrict and/or otherwise violate the rights of employees with regard to Protected Concerted Activity under the National Labor Relations Board (NLRB) Act. All directors, officers, medical staff members, employees, volunteers and contractors of MCHD are expected to adhere to its terms.

IV. COMPLIANCE AND ENFORCEMENT PROCEDURES

The standards and procedures in this Plan provide a framework for defining appropriate standards of conduct for all employees. It is not possible to describe all instances of proper or improper conduct. If there is ever a question, employees should contact their supervisor, another member of management, or the Compliance Officer for guidance.

1. Training, Policies and Procedures

- a. The Compliance Officer will train employees within thirty (30) days of the date of employment. All employees will be required to participate in annual training. - a. - b. An employee may report anonymously to any one or more of the following, as appropriate:
 - ✓ Compliance Officer
 - ✓ The Compliance Committee
 - ✓ Human Resources Department
 - ✓ MYECCHO-Ethics Hotline 888-384-4262 an anonymous telephone number which will be maintained on a 24-hour, 7-day basis
- c. MCHD wishes to assist and encourage prompt and full reporting of suspected violations without fear of retribution. Employees are encouraged to report all concerns (even if only a suspicion of a problem). There will be no retaliation against any employee for reporting a concern in good faith. The District's HR 25-403, Anti-Harassment policy will be enforced strictly. Upon conclusion of the investigation, the Compliance Officer will report the findings to those callers who are willing to provide their names.
- d. All reports of suspected violations received in any manner set forth above will be promptly reported to the Compliance Officer. The Compliance Officer will forward matters to the CEO who may consult the Compliance Committee. A designated member of the Compliance Committee will oversee the investigation of those matters and recommend appropriate corrective action. It is the responsibility of the Compliance Committee to ensure that the Plan is enforced in a fair and consistent manner.
- e. Because of the significant legal and ethical consequences of non-compliance with the Plan, the Compliance Committee will take enforcement action not only with respect to those who violate the Plan, but also with respect to those whose responsibility is to detect violations and who fail to respond appropriately.

V. STANDARDS OF CONDUCT

For purposes of the Compliance Plan, MCHD has established Standards of Conduct that are described below. These Standards of Conduct are supplemented by more detailed policies and procedures in certain departments and should be consulted as appropriate. The Standards of Conduct and the supplementary policies and procedures will be modified periodically to reflect changes in the law and the District's operations.

MCHD's standards of conduct are established for the guidance of all employees. The following represents only a partial list of unacceptable behaviors and conduct; a complete list of all possible violations would be impossible to write. Infractions will lead to corrective action up to and including discharge.

1. Falsifying any information on an employment application, time card, personnel, or other MCHD documents or records.
2. Unauthorized possession of District or employee property, gambling, carrying weapons or explosives, or violating criminal laws on MCHD owned or leased premises.

3. Fighting, display of anger or aggression, horseplay, practical jokes or other disorderly conduct which may endanger the well-being of any employee or MCHD operations.
4. Engaging in acts of dishonesty, fraud, theft or sabotage.
5. Intentionally threatening, intimidating, coercing, using abusive or vulgar language, or interfering with the performance of other employees or towards a member of the public.
6. Insubordination or refusal to comply with instructions or failure to perform reasonable duties which are assigned.
7. Unauthorized use of District material, time, equipment or property.
8. Damaging or destroying District property through careless or willful acts.
9. Conduct which the MCHD feels reflects adversely on the employee or MCHD.
10. Performance which, in the MCHD's opinion, does not meet the requirements of the position.
11. Engaging in such other practices as MCHD determines may be inconsistent with the ordinary and reasonable rules of conduct necessary to the welfare of MCHD, its employees or clients.
12. Negligence in observing fire prevention and safety rules.
13. Other circumstances for which the District feels that corrective action is warranted.
14. Other circumstances for which a certified individual may be suspended or de-certified.
15. Failure to protect any patient's confidentiality as to the patient's protected health information.
16. Violation of Policy HR 25-403, Anti-Harassment policy.

This list is intended to be representative of the types of activities which may result in corrective action. It is not intended to be comprehensive and does not alter the employment-at-will relationship between employees and MCHD.

VI. FINANCIAL REPORTING AND OTHER BUSINESS RECORDS

1. MCHD has established and maintains a high standard of accuracy and completeness in its financial records. These records serve as the basis for managing the District's business, for measuring and fulfilling the District's obligations to patients, employees, suppliers and others and for compliance with tax and financial reporting requirements.
2. MCHD complies with the recording requirements of all applicable federal, state and local laws, established financial standards and generally accepted accounting principles.
3. Audits of Financial and Medical Records
 - a. MCHD will conduct internal and external audits, as appropriate, to verify compliance with the Compliance Plan, applicable federal and state laws and regulations and rules, as follows:
 - ✓ Administrative staff will conduct an internal audit of medical record charts and billing charts periodically.

- ✓ Administration will engage an outside consultant(s) to audit financial records and controls annually and whenever circumstances indicate the possibility of systemic issues.
 - ✓ The Compliance Officer will engage an outside consultant to verify annually whether the Compliance Plan is periodically updated and distributed to employees and whether annual and specialized training for financial and clinical staff is conducted.
 - b. The frequency and return of overpayments to Medicare will be reviewed in these audits to determine any systemic problems. In addition, these audits will cover areas that are targeted periodically by Medicare fiscal intermediaries or carriers and the Office of Inspector General (OIG).
 - c. The results of any audit will be submitted to the Compliance Officer and Compliance Committee. In the event that the audit discloses a violation of the Compliance Plan or applicable federal and state laws and regulations, an investigation will be conducted and the issue will be remedied. The Compliance Officer will participate in the investigation and the determination of the appropriate remedy.
4. Improper Payments: Bribes and Kickbacks
- a. Payments or other items of any value in the nature of “kickbacks” or “bribes” intended to induce or reward favorable decisions or actions are not to be offered, made, solicited, received, or tolerated in connection with any of the District’s business.
 - b. No director, officer, medical staff member, employee, volunteer or contractor of MCHD will offer or make, directly or indirectly through any other person or firm, any payment of anything of value (in the form of compensation, gift, contribution or otherwise) to:
 - ✓ Any person or firm employed by or acting for or on behalf of any customer for the purpose of inducing or rewarding favorable action by the customer in any commercial transaction; or
 - ✓ Any person or firm employed by or acting for or on behalf of any governmental agency for the purpose of inducing or rewarding any action or the withholding of any action by such agency in any governmental matter.Nominal gifts such as business luncheons, key chains and so forth are not considered bribes or kickbacks.
 - c. All payments will be made by check or electronic funds transfer and will be supported by written documentation in sufficient detail to identify the work or services performed on behalf of MCHD. Each person receiving payment for services rendered must agree to comply with all applicable laws in acting on MCHD’s behalf.
 - d. The provisions of this Section do not apply to ordinary and reasonable business entertainment or gifts not of substantial value (i.e., less than \$25 in value, not to

exceed \$300 per year), customary in local business relationships and does not violate law. Any business entertainment or gifts which exceed \$25 in value must be reviewed and, to the extent possible, approved in advance by the Compliance Officer for appropriateness and reasonableness. If any gifts are received which exceed \$25 in value, the gifts will either be returned to the donor or reported to the Compliance Officer for appropriate disposition.

5. Medicare / Medicaid Anti-Fraud and Abuse Provisions

- a. Under federal law, it is unlawful for any person to solicit, offer, pay or receive anything of value to or from any other person to induce or in return for:
 - ✓ The referral of any individual to a healthcare provider or any other person for the furnishing of any item or service for which payment may be made under any governmental program, or
 - ✓ Obtaining the service or item for which payment may be made under any governmental program.
- b. MCHD will accept patient via 911 calls or referrals based solely on the patient's clinical needs and our ability to render the needed services. We do not pay or offer anything of value, directly or indirectly, to anyone—physicians, hospitals, or any other person—for referral of patients or steerage of patients or business. Violation of this policy may have grave consequences for the District and the individuals involved. These consequences may include civil (money) and criminal (fines, jail, debarment, loss of licensure or certification, etc.) penalties and exclusion from providing services under governmental programs.
- c. Every financial agreement between MCHD and a physician or other referral source must be in writing and must be approved in accordance with the District's guidelines for such contracts. Under no circumstances will financial agreements be tied expressly, by implication or by "private understanding", to referrals of business. As a general rule, all payments between physicians or other providers who refer to MCHD should be consistent with fair market value for items or services rendered by the referral source and by the District.
- d. Other types of agreements with referral sources are subject to specific laws, exceptions, or safe harbors. To promote compliance with these requirements, all agreements with referral sources must be reduced to writing and approved as required by District policies.
- e. Federal and state fraud and abuse provisions also impact referrals from MCHD. For this reason, no employee or any other person acting on behalf of the District is permitted to solicit or receive anything of value, directly or indirectly, in exchange for the referral of patients. Similarly, when making patient referrals to another healthcare provider, we do not take into account the volume or value of referrals that the provider has made (or may make) to us.

6. Coding and Billing for Services

- a. MCHD will put in place systems to submit billings to government and to private insurance payors that are truthful and accurate and conform to the requirements

of federal and state laws and regulations. Included among those laws are the False Claims Act and laws prohibiting schemes to defraud a healthcare benefit program. Under the False Claims Act, any individual or organization that knowingly or recklessly submits a false claim for payment to a federal or state healthcare program may be subject to substantial fines and imprisonment. Under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), a person who knowingly and willfully executes a scheme to defraud a healthcare benefit program, whether public or private, may be subject to substantial fines and imprisonment. Employees, medical staff members, volunteers and contractors are prohibited from knowingly presenting or causing to be presented claims for payment or approval that are false, fictitious, intentionally misleading, or fraudulent.

- b. Claims will be submitted for all services which have been documented and which were driven by a physician protocol or other appropriately licensed individual.
- c. MCHD will use diligent efforts to maintain a system that results in fair, reasonable and accurate claims submission, including the following specific objectives:
 - ✓ Billing only for items or services that are actually rendered;
 - ✓ Prevention of upcoding (the practice of using a billing code that provides a higher payment rate than a billing code that actually reflects the service furnished to the patient);
 - ✓ The submission of accurate cost reports;
 - ✓ Appropriate bundling of services which should be billed together;
 - ✓ Billing the appropriate rate and payor for patient transfers; and,
 - ✓ The creation and maintenance of supporting medical record documentation for services billed to patients or payors.
- d. MCHD will operate oversight systems designed to verify that claims are submitted only for services actually provided and that services are billed as provided. These systems will emphasize the importance of complete and accurate documentation. Even with the best of systems and well-trained personnel, billing errors will occur. As such errors are identified, the Billing Office will work with the Chief Financial Officer and the Compliance Officer to ensure that errors are corrected, that any necessary refunds are made and that system improvements are made, if appropriate.
- e. Should MCHD engage subcontractors to perform billing or coding services, they will be selected based on having the necessary skills, quality assurance processes, systems and appropriate procedures to submit billings for government and commercial insurance programs that are accurate and complete. MCHD prefers to contract with such entities that have adopted their own ethics and compliance programs that conform to government and payor standards. In the absence of an approved plan, the District will require that the subcontractor agree to abide by the Compliance Plan and the requirements of state and federal laws.

7. Cost Reports

MCHD will institute and abide by written policies and procedures which seek to ensure full compliance with applicable cost reporting statutes, regulations and program requirements and private payor plans requirements.

8. Bad Debt

- a. MCHD will have a mechanism to review, at least annually, reporting bad debts to Medicare and all Medicare bad debt expenses claimed to ensure that the District's procedures are in accordance with applicable federal and state statutes, regulations, guidelines and policies. In addition, the review will ensure that the District has appropriate and reasonable mechanisms in place regarding beneficiary deductible or co-payment collection efforts and has not claimed as bad debts and routinely waived Medicare copayments and deductibles. Furthermore, the District will consult with the appropriate fiscal intermediary as to bad debt reporting requirements, if questions arise.
- b. MCHD will have policies and procedures to provide for the timely and accurate reporting of Medicare, other federal healthcare programs and third party payor credit balances. The District will designate at least one person responsible for tracking, recording and reporting credit balances.

9. Conflicts of Interest

- a. MCHD prohibits actions or activities of an individual on behalf of the District that involve:
 - ✓ the obtaining of a personal gain or advantage by such individual (personally or indirectly through an immediate family member),
 - ✓ an adverse effect upon the interests of the District, or
 - ✓ the obtaining by a competitor of any advantage to the detriment of MCHD.
- b. The following are examples of some potential conflict of interest situations which may occur to an employee through an immediate family member:
 - ✓ Holding a financial interest in, being employed by, or engaging in activities on a consulting basis, or otherwise, with a firm which provides services, supplies or equipment to MCHD (except ownership of securities listed on a recognized stock exchange);
 - ✓ Speculating or dealing in services, equipment or supplies which are purchased by MCHD or if the individual stands to gain financially due to his/her position with the District;
 - ✓ Participating in any outside activity (for example, as an officer, director, consultant or employee) that could interfere with the performance of the individual's job duties and responsibilities, affect the individual's independent and objective judgement, or discredit MCHD; or

- Accepting favors, gifts, or entertainment, which others may perceive to be substantial enough to influence such individual's selection of goods or services for MCHD, or to influence such individual's judgment in otherwise representing the District.
- c. All conflict of interest questions should be disclosed to the appropriate manager pursuant to the procedures outlined in this plan. Corrective action generally will include focus on eliminating the conflict of interest between the individual and the District. Appropriate disciplinary actions will also be taken, including the termination of employment of the employee and/or contracts and relationships with suppliers, contractors and other parties involved in such conflicts.

10. MCHD Assets

- a. Employees are responsible for protecting District assets from loss, theft, or misuse. Employees may use equipment, funds, supplies, facilities and other assets only for legitimate reasons on behalf of MCHD. Assets are not to be used for an employee's personal benefit unless part of the CEO employment offer.
- b. Employees are expected to comply with the specific security measures and internal controls established for protecting the integrity and validity of computer systems and data. All information stored on District computer systems or created for the purpose of conducting District business is confidential. This material includes, but is not limited to, business records, employee records, patient records and information regarding District assets. Sharing of this or other confidential information is prohibited. Inappropriate or offensive communications and/or using the computer system to transmit or disseminate information relating to sexual conduct, offensive language, racial slurs, derogatory remarks, hate groups, or any material that reflects negatively on MCHD, its employees, medical staff members, volunteers or contractors is prohibited. The District monitors employees' use of these systems. No employee should have an expectation of privacy in the information contained in their computers.

11. Political Activity

No payment, gift, or contribution may be made or authorized to be made with District funds or resources (either directly or through employee expense reimbursement) to any candidate for public office campaign, fund, public official, political party or organization, unless such payment, gift or contribution is expressly permitted by state and federal law. The board must approve any such actions in advance.

12. Antitrust

MCHD complies strictly with federal and state antitrust laws in order to promote free and fair competition. Because it is not always clear whether a business practice may violate antitrust laws, employees should consult their supervisor for advice whenever they face a business issue raising possible antitrust concerns.

- a. MCHD strictly limits relationships with competitors. Any understanding or agreement (including any agreement implied from a course of conduct) with any competitor to fix prices, agree on labor costs, allocate markets or engage in group boycotts is prohibited. Because the antitrust risk is so high, discussing or exchanging the following information with a competitor is prohibited:
 - ✓ any aspect of pricing, including maximum or minimum prices, discounts, or
 - ✓ credit or payment terms;
 - ✓ any other terms of sale;
 - ✓ services to be provided in the market;
 - ✓ any division of markets by geographic area or types of customers served or services provided;
 - ✓ key costs, such as labor costs; and,
 - ✓ other non-price information, such as marketing and development plans.

13. Health, Safety and Environmental Requirements

- a. MCHD complies with all applicable health, safety and environmental laws and regulations. Managers and employees are expected to understand those requirements that apply to their areas of responsibility and to seek advice from their supervisor whenever they face an issue raising possible health, safety or environmental concerns.
- b. Employees should advise their supervisors of any workplace injury, the discharge of any hazardous substances into the environment, or any situation presenting a danger of injury or discharge. In many instances, the District must report such events to governmental agencies quickly and accurately.

14. Excluded Parties

- a. Healthcare providers and other entities may not employ or enter into contracts with individuals or entities that are excluded from participation in federal or state healthcare programs. Providers also should not employ individuals or entities who may be subject to imminent mandatory or permissive exclusion.
- b. MCHD will not knowingly employ or contract with such individuals or entities that are excluded or who are subject to exclusion. The District will require individuals applying for employment or medical staff membership or renewal of membership to disclose in their application any criminal conviction related to the above or exclusion action. The District will also screen the individual or entity for exclusion before entering into an employment or contractual relationship or granting or renewing medical staff membership and periodically thereafter. The District will verify that no medical staff member is listed in the National Practitioner Data Bank ("NPDB").

15. Equal Employment Opportunities

MCHD is an equal opportunity employer. In the administration of employment policies and practices, the District will not discriminate against any employee or applicant for employment because of race, color, national origin, sex, religion, age, veteran status, or disability. We take steps to ensure that applicants are hired and employees are treated in a nondiscriminatory manner. Our commitment to equal opportunity applies to all aspects of employment including, but not limited to, recruitment, retention, promotion, compensation, benefits and training.

16. Harassment in the Workplace

MCHD strictly prohibits harassment in any form. The District is committed to providing a work environment that is free from inappropriate conduct of a sexual nature or otherwise. Sexual misconduct and harassment are illegal and unprofessional. Individuals who engage in such behavior will be subject to disciplinary action, including termination of employment or medical staff privileges.

17. Workplace Violence

MCHD strives to provide employees, physicians and contractors with a safe work environment. Violence and threatening behavior in the workplace are not tolerated. Individuals who are involved in violent actions against other individuals or who direct verbal or written threats at other individuals will be subject to disciplinary action, including discharge.

18. License and Certification Renewals

Employees and independent contractors, such as physicians, paramedics and nurses who are employed or engaged in positions which require professional licenses, certifications, or other credentials, are responsible for maintaining the current status of their credentials. Employees and independent contractors will comply at all times with federal and state requirements applicable to their respective disciplines. To assure compliance, MCHD may require evidence of the individual having a current license or other documentation of credential status. MCHD does not hire or engage individuals who do not hold current licenses or other credentials.

19. Volunteers

The use of volunteers is an exceptional way to involve the local community in our services. Volunteers must be credentialed prior to providing services. Volunteers are required to sign a statement acknowledging that they are volunteers and not employees of MCHD and acknowledging that they will receive no compensation for their services as a volunteer.

20. Proprietary and Confidential Information

- a. Employees are responsible for safeguarding proprietary and confidential information. As a general rule, any information or matters not publicized by MCHD will be viewed as confidential. Employees should never give confidential patient, business, customer or employee information to people outside the District, or even to employees who have no need to know. Former employees have a continuing obligation to safeguard such information.
- b. Employees should not use confidential, non-public District information for personal gain or disclose the information to any unauthorized person. In addition, employees should not speak with journalists, financial analysts, or shareholders on behalf of MCHD unless authorized to do so.

21. Intoxicants, Drugs and Narcotics

MCHD is committed to a drug and alcohol-free workplace. A comprehensive policy prohibiting the use and/or possession of intoxicants, drugs and narcotics has been adopted and must be complied with. It is each employee's responsibility to report unsafe or hazardous conditions that are caused by the use or possession of intoxicants, drugs, or narcotics.

22. Accrediting, Surveys and Government Investigations

- a. MCHD will deal with government licensing agencies and private accrediting entities in a direct, open and honest manner. We support continuous compliance with accrediting and licensing standards and will monitor compliance with those standards in accordance with established policies and procedures. No action will be taken and no statements made which could mislead accreditors or surveyors either directly or indirectly.
- b. MCHD expects all medical staff and employees to cooperate in government investigations. It is essential, however, that the legal rights of MCHD, its employees and medical staff be protected. An individual who receives a subpoena, inquiry, or other legal document from any government agency regarding MCHD's business or patients must immediately notify his/her supervisor, department head, CEO/Administrator or Compliance Officer. An individual who is contacted by a government agency or attorney concerning MCHD has the legal right to decline to be interviewed until he/she is able to speak with legal counsel. MCHD will arrange for legal counsel to advise the individual and District, accompany him/her to any interview with a government agent if the individual so wishes. An employee or medical staff member should inform his/her supervisor, department head, CEO/Administrator or Compliance Officer immediately if contacted by a government official regarding District-related business.

- c. A medical staff member or employee who is aware of an imminent or ongoing investigation, audit or examination initiated by MCHD or any government agency should retain all documents (including computer records) in his/her custody or control relating to the matter under review. The destruction or falsification of a document in order to impede a government investigation, audit or examination may lead to prosecution for obstruction of justice. Any questions regarding whether a document can be destroyed should be addressed to a supervisor, department head, CEO/Administrator or Compliance Officer.
- d. Sometimes the government has a concern, which it believes requires the immediate onsite review or removal of certain organization documents or other information. When that occurs, the government may send agents to collect that information. In this event, employees or medical staff should immediately call the most senior manager available, the CEO/Administrator, Compliance Officer or any member of the Compliance Committee for direction.

23. Compliance with Other Legal and Regulatory Requirements

- a. MCHD is in the business of providing emergency medical services. These services generally may be provided only pursuant to appropriate federal, state, licenses, permits and accreditation. These services are subject to numerous laws, rules and regulations, consent to treatment, medical recordkeeping, access and confidentiality, patients' rights, medical staff membership and clinical privileges, and Medicare or Medicaid regulations. Like other businesses, MCHD is subject to federal and state labor statutes and discrimination laws, securities laws and regulations, consumer protection laws, tax laws and general and professional liability laws. The District will comply with these regulatory, local, state and federal requirements, as applicable.
- b. Every employee will be familiar with the legal and regulatory requirements applicable to his/her area of responsibility. Employees should consult with their supervisor, the Compliance Officer, CEO/Administrator or any member of the Compliance Committee for assistance in interpretation whenever they face an issue raising possible legal or regulatory concerns.

VII. CLINICAL GUIDELINES

MCHD will insure that clinical services are delivered in compliance with federal and state statutes and regulations that govern the healthcare industry. To that end, MCHD has developed Clinical Services Standards of Conduct to ensure compliance in the delivery of clinical services.

1. Medical Necessity

The District, along with medical staff, will assure that only those services that are medically necessary are provided to patients.

2. Clinical Documentation

All clinical employees will be trained in and will prepare the appropriate documentation that accurately and fully charts the status, treatment and disposition of each patient. The District prohibits inaccurate charting techniques.

3. Patient Care and Rights

- a. MCHD's mission is to care for the indigent and provide EMS services while protecting the interest of the taxpayers and insuring long-term stability through fund development. Our vision is cost effective indigent care and taxpayer supplemented EMS with total professionalism administered through an elected Board of Directors. We will work hard to treat all patients with respect and dignity and provide care that is both necessary and appropriate. We will make no distinction in the care we provide based on race, color, sex, sexual orientation, gender identity, age, veteran status, disability, religion, or national origin. Clinical care will be based on identified patient healthcare needs, not on patient or organization economics.
- b. As applicable and appropriate, each patient or patient representative will be provided with a clear explanation of care including, but not limited to, the right to refuse or accept care or transport, available destinations for different types of care, and an explanation of the risks and benefits associated with available treatment options. Patients have the right to request a transfer to the facility of choice. If a patient requests a transfer to a hospital other than the closest facility, the patient or family, as appropriate, will be given an explanation of the benefits, risks and alternatives to transfer prior to making their final decision.
- c. To the extent of the MCHD's capabilities, patients will be accorded appropriate privacy, security and protective services, and opportunity for resolution of complaints.

4. Patient Information

MCHD complies with the Health Information Portability and Accountability Act of 1996 (HIPAA) in all respects. The District has detailed policies and procedures on issues such as patient privacy, consent, disclosure, reporting and related matters. All employees are expected to comply with the District's procedures on these important matters. In addition to and incorporated as a part of the District's policies and procedures, employees and medical staff members are bound by professional ethical standards and state and federal legal requirements regarding the confidentiality of patient information. MCHD is committed to maintaining the confidentiality of patient information and will not release such information without patient consent, unless specifically authorized or required to do so under state or federal law. The District will maintain necessary electronic security to safeguard the confidentiality and integrity of patient information.

Ethics Policy

Part A: Declaration of Policy

Section 1 - Statement of Purpose

It is essential in a democratic system that the public have confidence in the integrity, independence, and impartiality of those who act on their behalf in government. Such confidence depends not only on the conduct of those who exercise official power, but on the availability of aid or redress to all persons on equal terms and on the accessibility and dissemination of information relating to the conduct of public affairs. For the purpose of promoting confidence in the Montgomery County Hospital District ("District") and thereby enhancing the District's ability to function effectively, this ethics policy is adopted. The policy establishes standards of conduct relating to District officials and employees whose actions inevitably affect public faith in local government, such as former District officials and employees, candidates for public office. By prohibiting conduct incompatible with the District's best interests and minimizing the risk of any appearance of impropriety, this policy furthers the legitimate interests of democracy. For purposes of this policy, District officials include Board Members of the Montgomery County Hospital District.

Section 2 – Personnel Policy and Purchasing Policy Control

The District's Personnel Policy and the District's Purchasing Policy shall control over this Ethics Policy if a conflict arises between the Policies.

Part B: Present District Officials and Employees

Section 1 - Improper Economic Benefit

- a. **General Rule.** To avoid the appearance and risk of impropriety, a District official or employee shall not take any official action that he or she knows is likely to affect the economic interests of:
1. himself or herself,
 2. a member of his or her family,
 3. a business or organization that the District official or employee has a financial interest in or is planning to acquire a financial interest with.

- b. **Recusal and Disclosure.** A District official or employee whose conduct would otherwise violate Subsection a. must recuse himself or herself. From the time that the conflict is, or should have been recognized, he or she shall:
1. immediately refrain from further participation in the matter, including discussions with any persons likely to consider the matter; and
 2. promptly disclose the issue in writing to the District's official record keeper and disclose the nature and extent of the prohibited conduct.

A supervised employee shall promptly bring the conflict to the attention of his or her supervisor, who will then, if necessary, reassign responsibility for handling the matter to another person.

c. **Abstention of District Officials.**

Additionally, under Chapter 171 of the Texas Government Code, District officials are required to submit an affidavit of abstention and abstain from voting as follows:

§ 171.004. Affidavit and Abstention From Voting Required

- (a) If a District official has a substantial interest in a business entity or in real property, the District official shall file, before a vote or decision on any matter involving the business entity or the real property, an affidavit stating the nature and extent of the interest and shall abstain from further participation in the matter if:
- (1) in the case of a substantial interest in a business entity the action on the matter will have a special economic effect on the business entity that is distinguishable from the effect on the public; or
 - (2) in the case of a substantial interest in real property, it is reasonably foreseeable that an action on the matter will have a special economic effect on the value of the property, distinguishable from its effect on the public.
- (b) The affidavit must be filed with the District's official record keeper.
- (c) If a District official is required to file and does file an affidavit under Subsection (a), the District official is not required to abstain from further participation in the matter requiring the affidavit if a majority of the members of the District is composed of persons who are likewise required to file and who do file affidavits of similar interests on the same official action.

§ 171.005. Voting on Budget

- (a) The District shall take a separate vote on any budget item specifically dedicated to a contract with a business entity in which a District official has a substantial interest.
- (b) Except as provided by Section 171.004(c), the affected District official may not participate in that separate vote. The District official may vote on a final budget if:
 - (1) the person has complied with this chapter; and
 - (2) the matter in which the person is concerned has been resolved.

§ 171.002. Substantial Interest in Business Entity

- (a) For purposes of this chapter, a person has a substantial interest in a business entity if:
 - (1) the person owns 10 percent or more of the voting stock or shares of the business entity or owns either 10 percent or more or \$15,000 or more of the fair market value of the business entity; or
 - (2) funds received by the person from the business entity exceed 10 percent of the person's gross income for the previous year.
- (b) A person has a substantial interest in real property if the interest is an equitable or legal ownership with a fair market value of \$2,500 or more.
- (c) A District official is considered to have a substantial interest under this section if a person related to the District official in the first degree by consanguinity or affinity, as determined under Chapter 573, Government Code, has a substantial interest under this section.

Section 2 - Unfair Advancement of Private Interests

General Rule. A District official or employee may not use his or her official position to unfairly advance or impede private interests, or to grant or secure, or attempt to grant or secure, for any person (including himself or herself) any form of special consideration, treatment, exemption, or advantage beyond that which is lawfully available to other persons.

Section 3 - Confidential Information

- a. **Improper Access.** A District official or employee shall not use his or her position to obtain official information about any person or entity for any purpose other than the performance of official duties.
- b. **Improper Disclosure or Use.** A District official or employee shall not intentionally, knowingly, or recklessly disclose any confidential information gained by reason of said official's or employee's position concerning the property, operations, policies or affairs of the District. This rule does not prohibit:
 - 1. any disclosure that is no longer confidential by law; or
 - 2. the confidential reporting of illegal or unethical conduct to authorities designated by law.

Section 4 - Representation of Private Interests

- a. **Representation by a Member of the Board.** A District official or employee shall not represent any person, group, or entity:

RE: CHANGES TO SECTION 6:30(c) OF THE STATE PROPERTY TAX CODE THAT
ALLOWS TAXING ENTITIES TO PROVIDE FOR A PENALTY ON TAXES THAT
REMAIN DELINQUENT ON JULY 1 OF THE YEAR IN WHICH THEY BECOME
DELINQUENT TO DEFRAY COST OF COLLECTIONS. THE CHANGE IS FROM 15%
TO 20%.

Dear Governing Body,

On April 7, 2003 the County changed the percent that delinquent taxpayers will be charged a penalty for non-payment of their taxes. This penalty is commonly called "attorney fees". Law firms that contract with taxing entities get paid by collecting the delinquent taxes owed. Their payment is added to the amount owed and not paid until collected. This keeps taxing entities from losing the funds originally levied and from having to pay "in-house" salaries to force collections of taxes owed.

The law firms representing taxing entities that the County collects for have done an excellent job working with my office. Since 1987 (sixteen years) they have been compensated with a 15% penalty added to the taxes owed and paid when the taxes are collected. A 5% increase is not unreasonable. Just ten (10) years ago the percent of the County's levy represented by delinquent taxes owed was 20.5%. It is now 9.5%. This is an overall 11% gain in delinquent tax collections which in turn helped to increase current tax collections. The law firms have a local office and personnel that constantly assist my office and taxpayers by administering contacts, by generating and paying for required notices, and by purchasing some of my equipment. They are "key players" in my tax collection program.

I have enclosed an amendment to your existing contract with the County. Section IV. of your current contract needs to be amended in order to increase the penalty. Consistency is what my office needs. We represent 62 taxing entities and if all taxing entities use the same percentages it is much easier to maintain consolidated record keeping, billing, and to answer inquiries concerning how much is owed. If all taxing entities use the same percentages it will eliminate sending separate notices required by Section 33.07 of the Tax Code.

001-FIN-05/12/2003

Please take action on or before May 9th and return the original Amendment to me on or before May 12th. The attorneys will be preparing the required 33.07 Notice of Delinquent Taxes from tapes my office must generate for them in order to meet the statutory required notice time frame.

Should you have any questions regarding this issue or wish to remain at the current 15% please contact me at 936/760-6934.

Re: Financing of Improvements to and Equipment for
Memorial Hermann The Woodlands Hospital

Honorable John Sallee, Chair
Montgomery County Hospital District
P.O. Box 478
Conroe, Texas 77305-0478

BO Approved
4-17-01

Dear Mr. Sallee:

On behalf of our clients, Memorial Hermann Hospital System ("Memorial Hermann") and the Harris County Health Facilities Development Corporation (the "HCHFDC"), we respectfully request that your hospital district assist Memorial Hermann's efforts to improve and purchase additional equipment for Memorial Hermann The Woodlands Hospital (the "Hospital") by consenting to the issuance of tax-exempt bonds for that purpose by the HCHFDC at your first board of directors meeting on or after April 16, as you did in 1997 and 1998 when Memorial Hermann financed earlier improvements to the Hospital.

Proposed Financing. The Hospital is a 92-bed acute care hospital located at 9520 Pinecraft Drive in The Woodlands. Memorial Hermann anticipates making additional capital investments to improve, renovate, and further equip the Hospital to serve the growing needs of Montgomery County. To minimize financing costs and, accordingly, hospital charges, Memorial Hermann would like to finance its investments with tax-exempt bonds.

Memorial Hermann is a Texas non-profit corporation. It owns or leases and operates community based health care facilities, including eight non-sectarian general acute care hospitals (including Memorial Hermann Hospital--a tertiary care teaching hospital, among other health-care facilities, all serving the greater Fort Bend, Harris, and Montgomery County area. It would like to finance additional capital investments in its other hospitals with tax-exempt bonds, too. To minimize overall transaction costs, Memorial Hermann would like to finance its investments in the Hospital and these hospitals in a single financing through the HCHFDC.

Honorable John Sallee
March 28, 2001
Page 2

Since Memorial is a non-profit organization, savings realized by it through the proposed financing will enable it to provide better health care services to Montgomery stabilize the cost of its services.

Required State Law Consent. The Texas Health Facilities Development Act authorizes the HCHFDC to finance improvements to and equipment for the Hospital, but only if the Montgomery County Commissioners Court and your board of directors consent. Memorial Hermann has received preliminary approval from the HCHFDC to undertake the proposed financing. Memorial Hermann has asked for Montgomery County's consent. On behalf of Memorial Hermann and the HCHFDC, we respectfully request that your board of directors consent to the issuance of bonds by HCHFDC to finance improvements to and equipment for the Hospital in accordance with the Act.

Proposed Resolution and Timing. A proposed resolution of your board of directors granting the requested consent is enclosed. As you can see from the resolution, it does not impose any obligation on the District, but rather merely satisfies legal conditions to action by the HCHFDC. Also enclosed is a suggested form of certificate to evidence adoption of the resolution.

To permit the HCHFDC to sell the bonds on schedule, we respectfully request the board of directors' consideration of this matter at its first meeting on or after April 16. The caption of the resolution should suffice as a description of the agenda item for open meetings law purposes.

I would be pleased to answer any questions you, your board or your attorney may have about the requested action. I will contact your office in the near future to answer any questions you may have about this request, and I plan to attend your board of directors meeting when it is considered to address any questions that may come up then. Please feel free to call me if you have any questions that should be answered before I contact your office.

Thank you in advance for any assistance you can provide in scheduling action on our request and for facilitating the financing of this worthwhile project. I look forward to discussing this request with you, either by phone or at the board of directors meeting.

Very truly yours,

001-IND-08/17/2004

8/17/04

NOW, THEREFORE, BE IT RESOLVED BY THE MONTGOMERY COUNTY HOSPITAL DISTRICT'S BOARD OF DIRECTORS THAT THE FOLLOWING RULES AND POLICIES ARE HEREBY ADOPTED :

Policy Regarding Reimbursement Requests From Non-Mandated Providers For The Provision Of Emergency And Non-Emergency Services

Continuity of Care:

It is the intent of the District and its HCAP Office to assure continuity of care is received by the patients who are on the rolls of the program. For this purpose mandated provider relationships have been established and maintained for the best interest of the patients' health status. The client patients have the network of mandated providers explained to them and sign a document to this understanding at the time of eligibility processing in the HCAP Office. Additionally, they demonstrate understanding in a like fashion that failure to use mandated providers, unless otherwise authorized, will result in them bearing independent financial responsibility for their actions.

Prior Approval:

A non-mandated health care provider must obtain approval from the Hospital District's Health Care Assistance Program (HCAP) Office before providing health care services to an active HCAP patient. Failure to obtain prior approval or failure to comply with the notification requirements below will result in rejection of financial reimbursement for services provided.

Mandatory Notification Requirements:

- The non-mandated provider shall attempt to determine if the patient resides within District's service area when the patient first receives services if not beforehand as the patients condition may dictate.
- The provider, the patient, and the patient's family shall cooperate with the District in determining if the patient is an active client on the HCAP rolls of the District for HCAP services.
- Each individual provider is independently responsible for their own notification on each case as it presents.
- If a non-mandated provider delivers emergency or non-emergency services to a HCAP patient who the provider suspects might be an active client on the HCAP rolls with the District, the provider shall notify the District's HCAP Office that services have been or will be provided to the patient.
- The notice shall be made:
 - (1) by telephone not later than the 72nd hour after the provider determines that the patient resides in the District's service area and is suspect of being an active client on the District's HCAP rolls; and
 - (2) by mail postmarked not later than the fifth working day after the date on which the provider determines that the patient resides in the District's service area.

Authorization:

The District's HCAP Office may authorize health care services to be provided by a non-mandated provider to a HCAP patient only:

- in an emergency (as defined below and interpreted by the District);
- when it is medically inappropriate for the District's mandated provider to provide such services; or
- when adequate medical care is not available through the mandated provider.

Emergency Defined:

An "emergency medical condition" is defined as a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in:

- Placing the patients health in serious jeopardy,
- Serious impairment of bodily functions, or
- Serious dysfunction of any bodily organ or part.

Emergency Medical Services:

MCHD as a provider of EMS for Montgomery County is independently responsible in determining the most appropriate destination by its own policies and procedures for all transported patients, including HCAP client patients. HCAP client patients are to (as conditions allow) notify EMS about their mandated provider as a preferred destination.

Reimbursement:

In such event, the District shall provide written authorization to the non-mandated provider to provide such health care services as are medically appropriate, and thereafter the District shall assume responsibility for reimbursement for the services rendered by the non-mandated provider at the reimbursement rates approved for the District's mandated provider, generally but not limited to, being those reimbursement rates approved by the Texas Department of Health pursuant to the County Indigent Health Care And Treatment Act. Acceptance of reimbursement by the non-mandated provider will indicate payment in full for services rendered.

If a non-mandated provider delivers emergency or non-emergency services to a patient who is on the HCAP rolls of the District and fails to comply with this policy, including the mandatory notice requirements, the non-mandated provider is not eligible for reimbursement for the services from the District.

Return to Mandated Provider:

Unless authorized by the District's HCAP Office to provide health care services, a non-mandated provider, upon learning that the District has selected a mandated provider, shall see that the patient is transferred to the District's selected mandated provider of health care services.

Appeal:

If a health care provider disagrees with a decision of the HCAP Office regarding reimbursement and/or payment of a claim for treatment of a person on the rolls of the District's HCAP, the provider will have to appeal the decision to the District's Board of Directors and present its position and evidence regarding coverage under this policy. The District will conduct a hearing on such appeal in a reasonable and orderly fashion. The health care provider and a representative of the HCAP Office will have the opportunity to present evidence, including their own testimony and the testimony of witnesses. After listening to the parties' positions and reviewing the evidence, the District's Board of Directors will determine an appropriate action and issue a written finding.

BE IT SO RESOLVED.

RE: Claim for Reimbursement in connection with [patient name]

Dear Mr. _____:

This letter is in response to your letter of [date] in which [name of hospital] requests payment for the treatment of [patient name] for healthcare services provided on or about [date]. You contend that since the patient is enrolled in Montgomery County Hospital District's Healthcare Assistance Program, (an indigent care program offered by the District pursuant to the District's enabling act and chapter 61 of the Texas Health & Safety Code), that [name of hospital] is entitled to reimbursement for care and treatment of this individual.

Montgomery County Hospital District ("MCHD") must respectfully decline your request for reimbursement. MCHD has a contractual arrangement with Conroe Regional Medical Center as its mandated provider for the treatment of its Healthcare assistance patients. Persons enrolled in MCHD's Healthcare Assistance Program are directed to obtain healthcare services from the District's mandated provider, Conroe Regional Medical Center.

In the current instance, since the services provided by [name of hospital] to the patient are within the scope of services provided by MCHD's mandated provider, Conroe Regional Medical Center, the patient should have presented to that facility for such services. For this reason, MCHD respectfully declines [name of hospital]'s request for reimbursement for such services provided.

Sincerely,

Kelly Curry

2. **Adoption of New Health Care Plan Policies.** The Health Care Plan policies appended hereto as Exhibits "A" and "B" as amended from those adopted by the Board of Directors at its February and March 2007 meetings, are hereby RATIFIED, APPROVED AND ADOPTED and are incorporated herein for all respects. Such Policies shall constitute the health care policies and rules governing the eligibility and benefits for health care services provided by the District from this day forward, subject to future amendment by the Board of Directors. These policies and rules are to be construed and interpreted independently from one another, are adopted pursuant to sections 5, 11, and 20 of the District's enabling legislation, and are generally described as follows:

Plan 1: Montgomery County Indigent Care Plan - The Montgomery County Indigent Care Plan will emulate and adhere to the eligibility criteria and benefits for indigent healthcare as set forth in Chapter 61 of the Texas Health & Safety Code. The federal poverty income limit (FPIL) will be 0-21%, or at such level as is established for County indigent care programs under Chapter 61 of the Texas Health & Safety Code. Undocumented immigrants would remain ineligible; however, employer-sponsored insurance availability and five-year residency for temporary and/or "qualified" U.S. residents for would not affect one's eligibility for this Plan's coverage.

Plan 2: Montgomery County Medical Assistance Plan - The Montgomery County Medical Assistance Plan will have the same eligibility criteria as the Montgomery County Indigent Care Plan, except the Plan will cover those whose incomes and resources fall above Chapter 61 guidelines for County indigent care programs up to 150% of FPIL. This Plan will continue in force the prior eligibility exclusions for undocumented immigrants, persons with employer-sponsored insurance, and the five-year residency requirement for temporary and/or "qualified" U.S. residents. This Plan affords benefits to persons to which coverage is not mandated under Chapter 61 of the Health & Safety Code.

CODE OF FAIR CAMPAIGN PRACTICES

There are basic principles of decency, honesty, and fair play that every candidate and political committee in this state has a moral obligation to observe and uphold, in order that, after vigorously contested but fairly conducted campaigns, our citizens may exercise their constitutional rights to a free and untrammelled choice and the will of the people may be fully and clearly expressed on the issues.

THEREFORE:

- (1) I will conduct the campaign openly and publicly and limit attacks on my opponent to legitimate challenges to my opponent's record and stated positions on issues.
- (2) I will not use or permit the use of character defamation, whispering campaigns, libel, slander, or scurrilous attacks on any candidate or the candidate's personal or family life.
- (3) I will not use or permit any appeal to negative prejudice based on race, sex, religion, or national origin.
- (4) I will not use campaign material of any sort that misrepresents, distorts, or otherwise falsifies the facts, nor will I use malicious or unfounded accusations that aim at creating or exploiting doubts, without justification, as to the personal integrity or patriotism of my opponent.
- (5) I will not undertake or condone any dishonest or unethical practice that tends to corrupt or undermine our system of free elections or that hampers or prevents the full and free expression of the will of the voters, including any activity aimed at intimidating voters or discouraging them from voting.
- (6) I will defend and uphold the right of every qualified voter to full and equal participation in the electoral process, and will not engage in any activity aimed at intimidating voters or discouraging them from voting.
- (7) I will immediately and publicly repudiate methods and tactics that may come from others that I have pledged not to use or condone. I shall take firm action against any subordinate who violates any provision of this code or the laws governing elections.

I, the undersigned, candidate for election to public office in the State of Texas or campaign treasurer of a political committee, hereby voluntarily endorse, subscribe to, and solemnly pledge myself to conduct the campaign in accordance with the above principles and practices.
