Introduction

The budget for Fiscal Year 2021 considers the current economic uncertainty brought about by the COVID-19 pandemic and the increasing demands on the District's indigent care resources while still advancing the District's commitment and ability to serve the citizens of Montgomery County by ensuring adequate funding to provide timely and high quality services next year and future years.

As the Fiscal Year 2021 Budget is presented, it's important to provide context by reviewing past actions the Montgomery County Hospital District's Board of Directors has taken to reduce the tax rate.

Between Fiscal Years 2014 and 2017, MCHD managed to build reserves and committed funds to plan against catastrophic events, uncertainty in the healthcare market place, and for capital infrastructure and replacement while reducing the tax rate by 8.8% from \$0.0729 to \$0.0665 / \$100 valuation.

Upon evaluating the adequacy of reserves, MCHD's Directors sought to return excess reserves to the citizens of Montgomery County by implementing a 20% homestead exemption and further reducing the tax rate another 11.4% from \$0.0665 to \$0.0589 / \$100 valuation and running deficits in Fiscal Years 2018, 2019, and 2020.

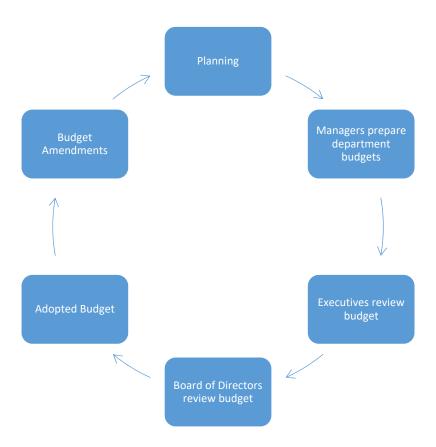

Fiscal Year 2021 is also budgeted at a deficit and will once again return excess reserves to the citizens of Montgomery County.

Even though ad valorem property taxes are the District's primary source of revenue, this will be the eighteenth consecutive year the MCHD Board of Directors has decreased the property tax rate. By reducing the tax rate from \$0.0589 to \$0.0588 / \$100 dollar valuation for Fiscal Year 2021, tax revenue is budgeted to be \$36,828,661, which is an increase of 6.4% or \$2.2 million compared to the Fiscal Year 2020 budget.

Total Expenditures are budgeted to be \$61,905,083, which represents a 6.2% decrease compared to Fiscal Year 2020 and includes reducing 27 employee positions by merging them into the 911 service, eliminating merit increases, decreasing operating expenses 9.0%, and decreasing capital expenditures 76.5%. These decreases are partially offset by an increase of \$3.4 million for Healthcare Assistance Program expenses primarily due to higher expected demand.

Budgeted revenue over expenses is expected to be a deficit of \$3,515,680.

Budget Process

The budgetary data is established as follows:

- 1. Prior to September 1, the CEO submits to the District board a proposed budget for the fiscal year commencing the following October 1. The budget includes proposed revenue, expenditures, and capital assets and the means of financing them.
- 2. Prior to October 1, the budget is legally enacted through passage of a resolution.
- 3. The CEO may approve a department's request to transfer an unencumbered balance, or portion thereof within any department; however, the board must approve a transfer of funds between departments.
- 4. The budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles (GAAP).

The most current budgetary data will be reflected in the monthly financial statements.

General Fund Budget

The District maintains one governmental fund, the General Fund. This fund is the District's operating fund and accounts for all financial resources of the District.

	FY 2020 Budget	FY 2020 Forecast	FY 2021 Budget	Change	Percent Change
Total Revenue	57,088,496	56,702,937	58,389,403	1,300,907	2.3%
Total Expenses	61,788,185	62,404,996	61,905,083	116,898	0.2%
Revenue Over / (Under) Expenses	(4,699,689)	(5,702,059)	(3,515,680)	1,184,009	-25.2%
Beginning Fund Balance	47,893,567	46,271,056	40,568,997	(7,324,570)	-15.3%
Ending Fund Balance	43,193,878	40,568,997	37,053,317	(6,140,561)	-14.2%

The increase in revenue is primarily due to:

- adopting a tax rate of \$0.0588/ \$100, which increases property tax revenue by \$2.2 million or 6.4%
- EMS Revenue is essentially flat because FY 2021 projections are based on FY 2020 volume, which was less than expected
- the increase in Tax Revenue is offset by a \$1.1 million decrease in Other Revenue driven mainly by lower projected Investment Income due to low interest rates and fewer funds available to invest.

The decrease in Total Expenses is mainly due to:

- postponing capital purchases thereby reducing Capital Expenditures by 76.5% or \$6.7 million
- decreasing Operating Expenses by \$1.4 million or 9%
- decreases in Capital Expenditures and Operating Expenses are offset by:
 - increases in Indigent Care Expenses of \$3.4 million based upon trends seen in FY 2020 along with expected healthcare inflation of 4%
 - higher Payroll costs of \$628 thousand even with a freeze on merit increases due to market adjustments made in FY 2020.

Capital Expenditures

Capital expenditures have a major impact on the ability of the District to deliver services. MCHD does not have recurring capital expenditures, so each expenditure requires justification. Managers and executives participate in a capital coordination meeting to discuss potential capital projects, their justification, District priorities, available resources, and timing.

Capital expenditures are defined as expenditures that have a cost of \$5,000 or more and a useful life of at least five years.
